## PRESIDENT GRAFTON'S LOGIC ON THE POLICE DEPARTMENT MAKES A DEEP IMPRESSION

He Argues With Council On the Unwisdom and  
False Economy of Curtailing Num-  
ber of Officers.

When the ordinance fixing the number, salaries and bonds of the members of the police department was introduced last evening before council to be passed on its second reading the members of that honorable body who at the previous meeting voted in favor of its passage said not a word. They were confronted with a speech made by President Grafton, of the board of public safety, to which they found it impossible to reply.

In his remarks Mr. Grafton did not beat around the bush. He spoke with fearlessness and succeeded in making plain the attitude of the board concerning the matter. He said:

"Gentlemen, I want every one of you to well consider your action on this most important question. It is a matter of duty, not prejudice. By decreasing the number to serve on the police force you increase the danger to the people, who, by their votes placed you in power of the municipality. I want it understood that it was not the wish of the board of public safety to cut down the police force when it asked that a night watchman be furnished for the city hall. The members of the board fully realize the necessity of economy and we took that into consideration before the matter was submitted to you."

"It was not our intention to make public at present the plan by which

we intended to pay the night watchman, but since some of you have given us the credit with being behind the move to lessen the number on the police force for the sake of economy, I will give an explanation and I want the people to know that it was no ruse or ours to get rid of a policeman in order that the night watchman might be secured. Mayor Weaver informed me that he intended to impose an extra \$1.60 on every man brought before him for the purpose of increasing the amount collected from fines. We consider that the plan was a good one and that through it sufficient money could be raised to pay the night watchman.

"You are paying \$14 per month for a janitor and it will be an easy matter to add \$35 per month to it. I say that the money can be obtained without hampering the city's funds in the least, and I think it would be not only unwise, but folly on your part to vote for the lessening of the force. It would be false economy to do so from the standpoint of the protection of our citizens. The board of public safety wants to protect the people, but you must understand that we cannot do it if you tie our hands. And I certainly hope that every councilman will realize his duty to the people before any definite action is taken."

## COUNCIL DECIDES TO CLEAR STREETS

Obstructions in Any and Every Form Must Be Removed Under Order Issued.

## TAX LEVY BILL PASSED

As a result of the adjourned meeting of council held last evening the officials and employees of the city will receive their money's before the end of the week. The body voted unanimously for the passage of the appropriation ordinance. It is likely that the auditor and treasurer will distribute the money tomorrow afternoon. There were several other matters equally important attended to at this meeting.

Those present at the meeting were President Horwell, Barlow, Moon, Croxall, Smith, Bullock and Johnston. The session was one of the liveliest held in many months and was witnessed by a large crowd of interested citizens. They were there for the purpose of being eye-witnesses to any continuation of the movements started at the previous meeting.

After the appropriation ordinance was passed the report of the Pennsylvania avenue assessing board was read by Auditor Davidson and motion it was adopted. The next step of council in regard to this question that has been before the people for many long months is to appoint an equalizing board. It was expected that this board would be appointed last evening but it was deferred until the next meeting.

The report, as exclusively published in the News Review upon the day following its submission to the city auditor, shows quite a difference from that rendered by the first assessing board, and it is thought that taxpayers directly interested in it will raise serious objections to it.

Mr. Barlow informed council that William Elwell, of the West End, had protested to him against the action of an Italian who had erected a fence on a street in that section of the city several feet out in the thoroughfare. Johnston moved that council order the fence removed. Thereupon Mr. Croxall took the floor and advised his brethren to be careful in their action. He said that he knew of three residents on Shadyside avenue who were occupying half of the street and of

Assignment at Salem.

Lisbon, July 17.—(Special)—Allen T. Thomas, of Salem, has filed a deed of assignment in court here, transferring all his property, valued at \$950, to Frank Mercer, of that city, for a ratable distribution among his creditors. Mr. Mercer has qualified as his assignee under bond of \$2,000.

Petition in Partition.

Lisbon, July 17.—(Special)—William H. Hofmaster has filed a petition in partition against Lucy J. Hofmaster, Mary Whitenberger and Charles D. Straway, asking that his interests in a tract in Salem and lot 18 in the village of North Lima, Mahoning county, be set off to him.

## WELL KNOWN DECORATOR IS REPORTED MISSING

William K. Buxton Said to Have Mysteriously Disappeared from the City.

It was reported at central station this morning that William K. Buxton, the well known decorator, has mysteriously disappeared from the city. He is married and has several children.

It was also reported that the whereabouts of Miss Maude Hughes, a winsome young lady of the city, is not known.

Hungarian Wife Seeks Divorce.

Lisbon, July 17.—(Special)—Katy Miller, a Hungarian woman living in Salem, has filed suit for divorce from Martin Miller. The plaintiff says they were married in Hungary in 1883 and have no children. She charges extreme cruelty, alleging that her husband has frequently beaten, choked and maltreated her in a shameful manner. She says she ceased to live with him on June 24 last.

AN EARNEST APPEAL MADE

By Members of the Library Board Has the Desired Effect and the Increased Appropriation Passes Unanimously.

Of the six councilmen present at the adjourned meeting held last evening there were but two members, Bullock and Croxall, who were unable to comprehend the importance of keeping the Carnegie library open to the public unhampered for lack of funds. They stubbornly voted against the amendment to the ordinance, which provides for an additional \$300, in the face of two eloquent and earnest appeals. However, the amendment was passed and the two councilmen, experiencing a change of heart, got in the band wagon and cast their votes in the affirmative on the third reading and final passage of the ordinance.

The question arose before the honorable body when the tax levy ordinance which was up for its third reading was presented. Attorney Jason H. Brookes was present by request of Miss Gertrude Baker, librarian at the Carnegie institution, and upon being allowed the floor spoke most eloquently in favor of the amendment to the ordinance. He said:

"I am here before you, gentlemen, by request of Miss Baker, the efficient librarian. She stated to me this morning that the majority of the library trustees are out of the city and that she would like to have the position in which the library is placed put before council in the proper light. She was much disconcerted and earnest over the question and was very anxious that something be done before your honorable body took final action. In the first place, gentlemen, the Carnegie library is an institution of which every resident should be proud. In fact, it is one of the most important institutions of the city, and I don't think you can please the people and let it die. The \$3,000 which has been voted to run the institution will barely keep up its every day expenses. That the library should have \$300 more is very plain."

A. J. Hyland & Co., the concern pushing the operations, is composed of experienced oil operators who believe they have found a good field.

The O. K. Oil & Gas company, originally organized by Columbiana and Leetonia men, has been acquiring considerable outside capital, and is preparing to push things again. The company put down five wells over a year ago, striking a strong flow of gas north of Columbiana, and it is the intention to add the product of additional wells in that vicinity. Gas franchises have been secured by the company in Columbiana, Leetonia and Washingtonville.

A few hours later the field was visited. The cow was there, but a steer belonging to McClure was missing.

It was at once concluded that the stranger had made the trade, and members of the family started in pursuit. Allison was traced to the East End where the arrest was made, and where the missing property was recovered.

McClure appeared at the city hall this morning and made a charge of larceny against Allison, whom he had no difficulty in identifying as the man who had visited his farm. It is likely Allison will get a trip to the works.

## NEW RAILWAY IS PROJECTED

STREET CAR LINE FROM WELLSBURG TO THIS CITY.

The Incorporators Are Pittsburg And Hancock County Capitalists.

A charter has been granted at Charleston, W. Va., to Chester, Pittsburgh and New Cumberland capitalists for an incorporation to be known as the Ohio Valley Street Railway company of Chester.

The proposed route is from Wellsburg to Holliday's Cove; thence over a bridge across the Ohio river to East Liverpool. The Chester parties interested refused to be interviewed, saying they would not talk until the charter had been received and they were ready to begin operations.

The capital is \$25,000 and the incorporators are Edward Marshall, John A. Gardner, Chester; Thomas C. Pitcairn, John W. Bailey, Pittsburgh; George R. Walmer, New Cumberland.

Service Board Meeting—The public service board will meet tonight and it is expected that the matter of the street railway crossings will be considered.

## LIBRARY GETS MONEY ASKED

Council Changes Its Mind On the Situation Being Explained at Length.

AN EARNEST APPEAL MADE

## SALOONKEEPER SMITH FINED \$25 AND COSTS

The Case Bitterly Contested at the Hearing Before the Mayor.

Three hours were consumed yesterday afternoon by the attorneys in conducting the trial of the city against Cornelius Smith, the West End saloonist, charged with keeping open his place of business on Sunday, June 28. At the conclusion of the trial Mayor Weaver reserved his decision until this afternoon at 2 o'clock. At the appointed time Smith appeared before the chief executive and was fined \$25 and costs, amounting to \$38.50.

The case was bitterly contested and was tried before a large crowd. There were ten witnesses who offered testimony as follows: P. McCarroll and wife; Richard Walker and wife; Dominic Hester, Ed Dickey, Chief Wyman and Officers Dawson, Aufderheide and Mahoney. Attorney Lones, of Wellsville, represented the defendant and Solicitor Davidson the city.

## MORE GAS WELLS WILL BE DRILLED

The Great Strike On the Southside Arouses Great Interest.

## ENOUGH FOR BIG SUPPLY

Since the big strike was made on the Hadley farm yesterday, interest in the development of the oil and gas territory near Chester has revived, and will undoubtedly result in the organization of a company to put down a number of wells.

Land in the vicinity of the Hadley property is now under lease and it is thought can be negotiated for at any time. It is proposed that a company of East Liverpool and Chester people be formed and the land developed at once. F. M. Leisure, of East Liverpool, owns the lease on 1,800 acres of oil territory in the immediate vicinity, and it has been learned that he will be willing to dispose of it in case a company is formed. The land consists of tracts on the Newell, Allison, Johnson and Cunningham farms, and surrounds the Hadley tract on the west, south and north.

Mr. Leisure was interviewed this morning, and although he seems confident that his lease is a very valuable one, stated he would be willing to dispose of it. He made the assertion that three wells such as was struck on the Hadley farm yesterday would supply the city of East Liverpool and the town of Chester with all the gas they would require, and have plenty to spare.

A large number of men in both towns are interested in the matter, and it is almost certain that steps will be taken within a few days which will result in the formation of a company.

Gauges were put on the well of the Chester company this morning, and after a thorough test it was found that the gas pressure was 20 pounds to the minute, and the pressure was uniform. No change in the force had been noted since yesterday, and though it has been more than 50 hours since the well came in no change whatever has been noted. It is asserted by the experts that if the pressure holds out without abating until Monday the success of the enterprise will be assured, and the well will be a stayer.

We all appreciate the absolute necessity of economy, but in my opinion you are commencing at the wrong end. I am sure that it is the wish of the people that you give to the library fund the \$300 asked for, and I implore you that it be added."

"We all appreciate the absolute necessity of economy, but in my opinion you are commencing at the wrong end. I am sure that it is the wish of the people that you give to the library fund the \$300 asked for, and I implore you that it be added."

W. L. Thompson, president of the library board, was also present and he gave another speech along the same line, portraying the need of the money and the duty of the councilmen in appropriating it. After he had finished his well chosen remarks, Councilman Johnston was heard. He is a member of the finance committee of council and stated that his reason for eliminating the \$300 was because he thought it was in council's power to donate more money in the year if needed. He spoke at length in favor of allowing the amendment and made a motion to that effect.

The capital is \$25,000 and the incorporators are Edward Marshall, John A. Gardner, Chester; Thomas C. Pitcairn, John W. Bailey, Pittsburgh; George R. Walmer, New Cumberland.

Service Board Meeting—The public service board will meet tonight and it is expected that the matter of the street railway crossings will be considered.

Farm Hand Badly Hurt.

Lisbon, July 17.—(Special)—Harry Guy, a farm hand on the Charles Newhouse farm north of Lisbon, was struck by a hay fork last evening and it was feared his neck was broken. He was unconscious several hours but is now said to be getting along well.

## PARDON EARNESTLY SOUGHT FOR A SALEM PRISONER DYING FROM CONSUMPTION

Executive Clemency Urged by Attorney L. P. Metzger in a Case With Many Pathetic Features.

From a Staff Correspondent.

Columbus, July 17.—Attorney Lewis P. Metzger, of Salem, arrived at the state capital last evening to use his best endeavors to secure a pardon for James Ryan, the Salem man who is lying critically ill with consumption in the hospital at the penitentiary. To his great disappointment he was unable to meet Governor Nash, that official having left the city for a lake trip several hours before he reached the city. Mr. Metzger came here from East Liverpool, where he had been to secure from Prosecutor J. H. Brookes a recommendation for clemency for Ryan, and but for a delay at Steubenville, caused by the train from East Liverpool being late, he would have reached Columbus before the governor's departure. This morning he conferred with Colonel Fred N. Sinks, private secretary to the governor, relative to the case, and urged on account of the precarious condition of the unfortunate man that consideration be given without delay.

About the only evidence necessary for a pardon for a person near death's door is a signed statement from the warden and penitentiary physician testifying that this is the condition of the applicant.

Attorney Metzger will return home today. He met Miss Ryan soon after his arrival here.

An application for a pardon was filed yesterday with the state pardon board for Dominick Fletcher, an Italian, received from Columbiana county in April, 1900, to serve seven years for assault with intent to rape. A brief statement of the crime accompanied the application. Fletcher thinks he has been punished sufficiently and wants release.

## SALEM FIREMAN KILLED AT TORONTO

RUN OVER BY THE HOSE CART DURING A RACE.

Tournament Festivities Marred By a Very Sad Occurrence Yesterday.

Toronto, July 17.—Oscar Jones, a member of the Deluge hose team of Salem, died here last night. He was in attendance at the fourth Eastern Ohio Firemen's tournament here. Jones, who was 23 years old, was injured while running in a race against time with his team. Just after the Deluge team got away at a terrific pace, he tripped and fell, the hose cart passing over his body.

Jones was picked up and it was found that his left arm was broken in two places, but it was not thought he was further hurt. He was taken to Dr. Giese's office and his arm was set. He was then driven to the race track again. After this he went to the home of Thomas Brown, where he complained of pains in his breast and died at 7 o'clock, surrounded by members of his team.

The Salem team was booked to run here today, but may not on account of Jones' sad death.

Verdict in Appropriation Cases.

Lisbon, July 17.—(Special)—The jury in the appropriation cases of the Stark Electric Railway company versus Charles and Martin Lottman returned a verdict last evening of \$110, including \$25 damages for the first named, and \$500, including \$200 damages for the second named. The case against Ira F. Brainard having been arbitrated, the jury was discharged.

Licensed to Wed.

Lisbon, July 17.—(Special)—William J. Ralston and Vash M. Dodds, of East Liverpool, have been licensed to marry.

## WITH THE WORKMEN IN THE CLAY PLANTS

### THE BURRITT COLLECTION.

The choiceness of selection similar to that displayed in his collection of etchings reappears in Mr. Burritt's little group of porcelains. No. 12 is a lovely little egg shell bowl, with character marks and symbols etched in the transparent paste on the bottom, a specimen of infinite refinement corresponding to its diminutiveness.

Just such exquisite correspondence between treatment and size reappears in the small coupe, which has a soft, white iridescent glaze and delicate minuteness of crackle. You will find it grain in the ovoid vase, which is invested with the daintiest pearl gray glaze; in a vase of the same form, that is of most liquid gray-green tone, with two butterfly ornaments carved in relief upon the shoulders; again in a bottle shaped vase, with a glaze of turquoise and brown in streaks, while propriety of decoration in relation to shape and size could scarcely be more complete than in another bottle shaped vase, which has a decoration of rocks and tree branches in dark blue outline beneath a peculiarly transparent glaze of starch blue tint.

One may also particularize a bowl of a remote period and an incense jar of melon shape, with panels of carved relief the color of dried almond skin, inclosed by a pellicul surrounding of greenish brown glaze handsomely crackled, a contrast of effect that is equally full of spirit and refinement.

Notable also are the bowl and the incense jar, 30 and 31, respectively, says the Potters' Journal, both examples of flame decoration with charming differences of feeling. An ovoid vase is a beautiful example of the camellia leaf green color, and the bottle shaped jar, No. 55. This is of clear white hard paste, with a delicately elaborate ornamentation of flying bats and cloud forms, emerging from and melting into the body below the glaze, a decoration of remarkable subtlety.

A very useful feature of this exhibition is the range and quality of the collection of blue Staffordshire ware. It is interesting no less from the fineness of color and the excellence of the shape of many of the objects, than from the subjects with which it is in many cases decorated. These have

less. Bullock's speech was looked upon by every one present as a miserable attempt to explain his attitude and was received by the score of listeners in a manner very uncomplimentary to him.

Following, Mr. Moon had his say. He harped on economy and stated that he thought the library was unimportant when compared with other departments of the city. He seemed to be fearful that the \$300 would bankrupt the city and declared that he would much rather have the library close its doors than some other departments.

In response to Mr. Moon's declaration Attorney Brooker said: "I must disagree with Mr. Moon. The library is not an unimportant institution. It is one of the most important in the city. It deals with the young, who will some day be called upon to conduct the affairs of this municipality. Practice economy, gentlemen, but commence at some other point. There are a thousand ways in which you can save the \$300 for which you are asked. Surely this city of 25,000 people and its steadily increasing revenues can afford to give the paltry sum."

The obstinate members, after listening to the scathing remarks, decided to vote for the passage of the amended ordinance, and it was passed unanimously.

### CAMPERS ARE HOME

The Ceramic City Club Who Have Been On the Muskingum Returned Yesterday.

The Ceramic City Camping club, the members of which have been in camp on the Muskingum river at a point known as Luke Shute, have returned to the city after a stay of two weeks in the most delightful camping region for many miles.

The party captured a large number of fish and turtle. The credit for the biggest catch belongs to Blanchard McBride and James Reese, who succeeded in landing a 42-pound cat fish. The club is composed of 16 members as follows: Edward Reese, James Reese, William Reese, Joseph Kerr, Blanchard McBride, Charles McBride, Matthew Curran, Robert Price, David Reese, Arthur Bloor, James Cowan, Joseph Strauss, Charles Kennedy, George Kennedy, George Emmerling, James Johnson, of New Cumberland.

**Didn't Know It Was Loaded.** East Liverpool, O., July 17.—While handling his father's shotgun, which he supposed not to be loaded, Elza Caldwell, the 14-year-old son of Henderson Caldwell, of Dixonville, shot himself, inflicting a wound that will probably prove fatal.

**Osteopaths in Convention.** Cleveland, July 17.—Five hundred osteopaths are in attendance at the seventh annual convention of the American Osteopathic Association. The convention will continue until Sunday night.

**Child Burned to Death.** Salineville, O., July 17.—White Mar Findlay, aged 8, was playing with matches, she set fire to her clothing and was burned to death.

**Treaties Ratified.** Havana, July 17.—The senate has ratified all the treaties with the United States excepting the Platt amendment treaty.

## EAST END STUBBORN BATTLE AGAINST DEATH

YOUNG CALDWELL IS NO WORSE SINCE YESTERDAY.

Physicians Fear Tetanus Will Result And State That Critical Period Is to Come.

Elza, the young son of Mr. and Mrs. Henderson Caldwell, of Dixonville, who was so seriously wounded yesterday morning by the discharge of a shotgun in the hands of his twin brother, James, is fighting a stubborn battle against death. With the chances all against his recovery, he has grown no worse since the wound was inflicted, and is bearing his suffering with unusual fortitude.

Dr. F. F. Davis was called into the case by Dr. Ferrell, and this morning both physicians made an examination of the wound. The entire charge contained in the gun penetrated the boy's body, entering at the right groin. At the point of entrance a jagged hole at least an inch and a half in diameter was made. All of the charge passed through the body and near the wound is a large blister caused by the flash of the powder.

The critical period of the boy's condition is expected within a few days when the inflammation that necessarily follows such a wound will be at its height. There is considerable danger also that tetanus will develop, owing to the powder burns.

The physicians are holding out no hope to the family for the boy's recovery.

## TWO INTERESTING LECTURES

Will Be Delivered Sunday at Second U. P. Church By a Pittsburgh Divine.

Rev. T. M. Chalmers, who has charge of the Jewish mission in Pittsburgh, will occupy the pulpit of the Second United Presbyterian church at both the morning and evening services next Sunday. Rev. Mr. Chalmers was to have been here last Sunday, but circumstances intervened making it impossible for him to come.

At the morning service he will talk upon the subject "What We Can Do to Evangelize the Jews." His topic in the evening will be "The Zionist Movement." Both of these lectures promise to be of great interest from the fact that Rev. Mr. Chalmers has devoted his life to the study of Jewish questions and is an eloquent and forcible speaker.

**Arranging the Program.** Rev. D. W. McQuiston, of the Second United Presbyterian church, was at Wellsville this afternoon, where he and Rev. T. H. Clarke, of Calcutta, met other members of the committee to arrange the program for the convention of young people of the church. The date or place for the convention has not yet been fixed, but it will likely be held some time in October.

**Will Build More Houses.** The Midway Land company is receiving bids for a number of fine dwelling houses which are to be constructed during the summer. The plans for these buildings have been drawn by Walter C. Supplee, of the company who has developed a great deal of ability as an architect. The Supplee Land company will probably build a number of new houses this fall.

**Ready for the Sale.** The ladies of the Second Presbyterian church who are to hold a bread, cake and pie sale tomorrow in the new Fouts building, are making great preparations for the event. All the pastries offered for sale will be home-made. The sale will be commenced promptly at 3 o'clock in the afternoon.

**EAST END AFFAIRS.** Mrs. T. W. McCain left this morning for Toronto to spend the day with relatives.

Mrs. Sarah Dawson left this morning for Smith's Ferry, where she will visit relatives.

Jesse McDaniel has returned from Pittsburgh, where he has been witness in the Pittsburg New York base ball games.

The little son of William Gibbs, of Sandy Bottom, who has been ill of scarlet fever, is reported much better today.

D. C. Anderson, of Oakland, who has been ill for several weeks, suffered a

**A Surgical Operation**

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: "I suffered from bleeding and protruding piles for 20 years. Was treated by different specialists and made many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me 18 months ago and I have not had a touch of the piles since"—H. A. Tisdale, Summerton, S. C. For blind, bleeding, itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Alvin H. Bulger.

**Military Maneuvers in October.**

Washington, July 17.—Military maneuvers for the department of the lake will be held at West Point, Ky., in October. All the regular troops available in the department of the lake will participate and the national guard of the states of Michigan, Wisconsin, Indiana, Kentucky and Ohio will be invited to take part. It is probable Ohio will be represented by only one regiment, as her national guard is now in camp. It is expected 35 companies of regulars and 10 or 12 regiments of militia will participate in the maneuvers.

One of nature's remedies; cannot harm the weakest constitution; never fails to cure summer complaints of old or young. Dr. Fowler's Extract of Wild Strawberry.

**Crude Oil Advances.**

China, O., July 17.—The price of crude oil was advanced 2 cents a barrel in the western field and 3 cents in the east. While many producers held at the advance, others are holding for an additional increase in price. Quotations now are: Pennsylvania \$1.53; Toledo, \$1.65; Corning, \$1.35; New Castle, \$1.40; North Lima, \$1.16; South Lima, and Indiana, \$1.11.

**Cured His Mother of Rheumatism**

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried in fact, she was never without it now and is still times able to walk. An occasional application of Pain Balm keeps away the pain but she was formerly troubled with it by Alvin H. Bulger."

### POSTOFFICE CASES CONSIDERED

Campaign in Brooklyn Planned—Grand Jury Has a Several Visit.

July 17.

New York, July 17.—Charles J. Bonaparte of Baltimore, one of the special counsel in the postoffice investigation appointed by the federal government, had a long conference with United States District Attorney William J. Youngs and his first assistant, Mr. Chatfield, of Brooklyn. The post-office cases were under consideration and a further plan of campaign, so far as the Brooklyn prosecution is concerned, was agreed upon. It was ascertained that the case of George W.

Zanesville, O., July 17.—Dr. L. E. Cain, present member of the Ohio general assembly from the Morgan Noble legislative district, prominently mentioned for speaker of the next house and joint claimant with Dr. E. LeFever, of Morgan county, to the nomination for a second term, has issued an open letter withdrawing from the race and leaving the nomination to his competitor.

Bellair, O., July 17.—Harry Hunter, the agent of the Baltimore and Ohio at Martins Ferry, was held up near West Whetting and robbed of \$500. He struck on the head by two assailants. He lay unconscious for four hours before being found by passersby.

Mayor Weaver is justly indignant over the scheme promulgated by a few members of council to embarrass his administration by forcing the retirement of Chief of Police Wyman. Unquestionably he is right when he asserts that the people most desirous of seeing Mr. Wyman put out of office are lawbreakers and their sympathizers. His determination not to tamely submit to the dictation of this element is one which does him credit and will be applauded by friends of law and order generally. Council, entrusted with the duty of providing for the general welfare of the city, ought to be as reluctant as the mayor to take a step that will impair the efficiency of the police force and encourage lawlessness. The fact that John Wyman as police chief is feared by evil-doers proves that he is the right

**Exquisite Perfumes**

There is something akin to art in the making of perfumes. The perfumers of acknowledged genius can almost be counted on the fingers of a single hand. We have the goods of these recognized masters. Some come from abroad, some are domestic products, all are magnificent odor creations.

Freshness is a desirable quality in any perfume, and we regulate our buying so as to insure this. It is our constant endeavor, also, to save our customers something on the price.

man for the place. It is a foolish sort of argument to say that, because a night watchman is needed at city hall, we must discharge a police chief to make room for him. Such sophistry will not prevail with sensible people. The board of public safety, which shares with the mayor the responsibility of seeing that the city is properly policed, through President Grafton, in his remarks last evening, made it plain to council that the board has no sympathy with the scheme to reduce the police force under the plea of cutting expenses, and showed that it would be false economy to cut down the number of officers, already inadequate to the city's needs. This is the idea that should prevail. And in any event, if cutting is necessary, it should begin at the bottom and not at the top. The whole city should be made to understand the iniquitous scheme proposed. If it were thoroughly aware of the situation, a storm of indignant protest would be raised. Let this be done and council will not dare to go contrary to the popular wish and legislate Wyman out of office.

Council did right in taking a sober second thought and heading the appeal of the Carnegie library board, as seconded by the News Review, for the small amount which will add a few hundred volumes to the library. The members who voted for the increased appropriation deserve the thanks of the public. Having a handsome and well furnished library, which came as a gift, the city can afford to be liberal in the matter of its maintenance.

The unfortunate occurrence at Dixville reported yesterday again emphasizes the criminal folly of leaving loaded firearms where children can get their hands on them to use as playthings. Children will run into enough dangers without leaving them lying in their way.

The head of the Smithsonian institute, long interested in aerial navigation, now has his airship ready for a trial, and the world will soon know whether or not his science is superior to that of Daedalus and Darius Green.

Councilman Bullock has suddenly made the discovery that he is not the whole thing in the city legislature. Unfortunately the shock was not great enough to silence him.

The czar can refuse to read the petition of the Jewish societies on the Kishineff outrages, but his government cannot escape the world's censure.

Albion C. Nelson.

Lisbon, July 17.—(Special)—Word was received here last evening of the death of Albion C. Nelson, a former resident here, which occurred in the First Reserve hospital at Manila, May 21. Death was due to inflammation of the kidneys. Nelson was born in Lisbon in 1869, and was the son of George W. and Mary A. Nelson. He is survived here by his mother and his sister Evaline. He enlisted in the regular army before he became of age, and spent most of the years of his life in the service. He married and settled in Leavenworth, Kan., ten years ago. His wife, dying in 1897, left a little daughter who survives. At the outbreak of the Spanish war he enlisted in the Twentieth Kansas Volunteers, his experience among Spanish speaking people making him an efficient soldier in the Philippines. After the war he was in a San Francisco hospital, but upon regaining his health he returned to Manila, where he became interested in a mining company.

CARRIE NATION.

# CARRIE NATION

Needs no introduction to any person who reads the newspaper. She has been one of the most conspicuous figures in the United States during the past two years, and where ever she goes she is sure to attract crowds to hear her.

The most unique character in the country today, and the most widely talked about woman that ever stood before an audience is CARRIE NATION.

## She is a Fluent Speaker

With a powerful voice of pleasant accent. Ex-Governor St. John in a recent article referred to her in the highest terms, and pointed out that she had done a most valuable work in the cause of temperance.

## Mrs. Nation is a Wonder

Roll up P. T. Barnum with T. DeWitt Talmage, throw in a dash of Teddy Roosevelt, with a background of Sherlock Holmes and Wilkins Micawber, and the composite is a faint shadow of the real, the only Carrie Nation.

Everybody knows of Mrs. Nation and will want to hear her talk, whether they believe in her way of doing business or not.

This remarkable woman will positively appear at

"CRISS MC'CONNELL,

"Legislative committee."

Contrary to expectation there was no action taken on the ordinance which, if passed, will give the city engineer a salary of \$2,000 per year, which amount is not to include the pay of his assistants. The ordinance was turned over to Councilman Smith and he could not submit it with the provisions as contained in the original ordinance. He will have it ready by the next meeting. To a News Review reporter Mr. Smith said: "I shall certainly not vote for the ordinance as it was originally presented. We want to run the city on an economical basis, and we certainly would not be doing so were we to pass such an ordinance. It is to me the most absurd thing ever attempted by a member of the body. A man offers to do the work and pay his assistants for something like \$1,900, and then for us to say, 'No, we will not give you \$1,900; we will try to arrange it so your compensation will be double the amount, is about as unreasonable as anything ever heard of."

Criss McConnell, delegated by the Trades and Labor council, was present at the meeting and upon being requested to make a statement in regard to a communication that had been submitted from his body concerning the action that should be taken to defeat the gas companies in their proposed plan to increase the rate, stated that Trades and Labor council had taken the matter into serious consideration with the result that the following resolution was passed which they hoped would be helpful to the city council

in its determination to divert the increase:

"East Liverpool, O., July 16, 1903.—To the Honorable City Council,

"Gentlemen—We the members of the legislative committee of the East Liverpool Trades and Labor council have been authorized to inform your honorable body that it stands ready to give the city council whatever aid and support lies in its power to prevent an increase in the gas rates, and to enforce the ordinance restricting the price, passed by your body recently.

Mayor Weaver is justly indignant over the scheme promulgated by a few members of council to embarrass his administration by forcing the retirement of Chief of Police Wyman. Unquestionably he is right when he asserts that the people most desirous of seeing Mr. Wyman put out of office are lawbreakers and their sympathizers. His determination not to tamely submit to the dictation of this element is one which does him credit and will be applauded by friends of law and order generally. Council, entrusted with the duty of providing for the general welfare of the city, ought to be as reluctant as the mayor to take a step that will impair the efficiency of the police force and encourage lawlessness. The fact that John Wyman as police chief is favored by evildoers proves that he is the right

**Exquisite Perfumes**

There is something akin to art in the making of perfumes. The perfumers of acknowledged genius can almost be counted on the fingers of a single hand. We have the goods of these recognized masters. Some come from abroad, some are domestic products, all are magnificent odor creations.

Freshness is a desirable quality in any perfume, and we regulate our buying so as to insure this. It is our constant endeavor, also, to save our customers something on the price.

man for the place. It is a foolish sort of argument to say that, because a night watchman is needed at city hall, we must discharge a police chief to make room for him. Such sophistry will not prevail with sensible people. The board of public safety, which shares with the mayor the responsibility of seeing that the city is properly policed, through President Grafton, in his remarks last evening, made it plain to council that the board has no sympathy with the scheme to reduce the police force under the plea of cutting expenses, and showed that it would be false economy to cut down the number of officers, already inadequate to the city's needs. This is the idea that should prevail. And in any event, if cutting is necessary, it should begin at the bottom and not at the top. The whole city should be made to understand the iniquitous scheme proposed. If it were thoroughly aware of the situation, a storm of indignant protest would be raised. Let this be done and council will not dare to go contrary to the popular wish and legislate Wyman out of office.

Council did right in taking a sober second thought and heading the appeal of the Carnegie library board, as seconded by the News Review, for the small amount which will add a few hundred volumes to the library. The members who voted for the increased appropriation deserve the thanks of the public. Having a handsome and well furnished library, which came as a gift, the city can afford to be liberal in the matter of its maintenance.

The unfortunate occurrence at Dixville reported yesterday again emphasizes the criminal folly of leaving loaded firearms where children can get their hands on them to use as playthings. Children will run into enough dangers without leaving them lying in their way.

The head of the Smithsonian institute, long interested in aerial navigation, now has his airship ready for a trial, and the world will soon know whether or not his science is superior to that of Daedalus and Darius Green.

Councilman Bullock has suddenly made the discovery that he is not the whole thing in the city legislature. Unfortunately the shock was not great enough to silence him.

The czar can refuse to read the petition of the Jewish societies on the Kishineff outrages, but his government cannot escape the world's censure.

Albion C. Nelson.

Lisbon, July 17.—(Special)—Word was received here last evening of the death of Albion C. Nelson, a former resident here, which occurred in the First Reserve hospital at Manila, May 21. Death was due to inflammation of the kidneys. Nelson was born in Lisbon in 1860, and was the son of George W. and Mary A. Nelson. He is survived here by his mother and his sister Eveline. He enlisted in the regular army before he became of age, and spent most of the years of his life in the service. He married and settled in Leavenworth, Kan., ten years ago. His wife, dying in 1897, left a little daughter who survives. At the outbreak of the Spanish war he enlisted in the Twentieth Kansas Volunteers, his experience among Spanish speaking people making him an efficient soldier in the Philippines. After the war he was in a San Francisco hospital, but upon regaining his health he returned to Manila, where he became interested in a mining company.

CARRIE NATION.

# CARRIE NATION

Needs no introduction to any person who reads the newspaper. She has been one of the most conspicuous figures in the United States during the past two years, and where ever she goes she is sure to attract crowds to hear her.

The most unique character in the country today, and the most widely talked about woman that ever stood before an audience is CARRIE NATION.

## She is a Fluent Speaker

With a powerful voice of pleasant accent. Ex-Governor St. John in a recent article referred to her in the highest terms, and pointed out that she had done a most valuable work in the cause of temperance.

## Mrs. Nation is a Wonder

Roll up P. T. Barnum with T. DeWitt Talmage, throw in a dash of Teddy Roosevelt, with a background of Sherlock Holmes and Wilkins Micawber, and the composite is a faint shadow of the real, the only Carrie Nation.

Everybody knows of Mrs. Nation and will want to hear her talk, whether they believe in her way of doing business or not.

numerous other people who were doing the same thing in other sections of the city and that council might get into a bad mess should it discriminate. He believed that it was spite work that caused the objection of Elwell.

Mr. Barlow again took the floor and severely criticised Mr. Croxall for making the assertion that it was spite work and said that he did not think council should refrain from taking action when it was the right course to pursue. Mr. Johnston then recommended his motion to the effect that every property holder in the city who is occupying public ground shall be notified to vacate. The motion carried unanimously. If this determination on the part of council is carried out there promises to be no end of litigation. Many of the potteries and other plants of the city are obstructing public highways and must move back if council persists.

Criss McConnell, delegated by the Trades and Labor council, was present at the meeting and upon being requested to make a statement in regard to a communication that had been submitted from his body concerning the action that should be taken to defeat the gas companies in their proposed plan to increase the rate, stated that Trades and Labor council had taken the matter into serious consideration with the result that the following resolution was passed which they hoped would be helpful to the city council

Contrary to expectation there was no action taken on the ordinance which, if passed, will give the city engineer a salary of \$2,000 per year, which amount is not to include the pay of his assistants. The ordinance was turned over to Councilman Smith and he could not submit it with the provisions as contained in the original ordinance. He will have it ready by the next meeting. To a News Review reporter Mr. Smith said: "I shall certainly not vote for the ordinance as it was originally presented. We want to run the city on an economical basis, and we certainly would not be doing so were we to pass such an ordinance. It is to me the most absurd thing ever attempted by a member of the body. A man offers to do the work and pay his assistants for something like \$1,900, and then for us to say, 'No, we will not give you \$1,900; we will try to arrange it so your compensation will be double the amount, is about as unreasonable as anything ever heard of."

**NEW WAY TO  
SELL MEDICINE**

Will Reed Gives Guarantee Bond With Mi-o-na, the Flesh-Forming Food.

The proprietors of Mi-o-na, the marvelous flesh-forming food and digestion regulator, have made arrangements with Will Reed to sell this remarkable preparation in a new and hitherto unheard of way; furnishing a guarantee bond with every package.

**: GUARANTEE BOND:**  
In buying a package of Mi-o-na, the purchaser is requested to have this guarantee signed by Will Reed as his absolute agreement to refund the money, if Mi-o-na does not give an increase in weight, and cure dyspepsia and all stomach troubles.  
Signed .....

Will Reed will give the above bond with every box of Mi-o-na he sells. You run no risk in buying Mi-o-na.

For years there has been a demand for a natural means of increasing the flesh and Mi-o-na has come to supply this need. It is not a cod liver oil preparation, but a combination of flesh-forming elements with remedies that regulate and aid digestion and restore health.

Everyone who is troubled with dyspepsia, headache, distress after eating, dizzy feeling or loss of appetite, or who is losing weight and in a rundown condition, should take the guarantee bond to Will Reed and commence the use of Mi-o-na at his risk, remembering that the treatment costs you nothing unless it does all that is claimed for it.

**THIS COSTS YOU NOTHING**

Will Reed Will Return Your Money If Mi-o-na Does Not Cure Dyspepsia And Increase Flesh.

There are hundreds of people in East Liverpool who were not the least bit surprised when they read in the News Review that Will Reed is selling Mi-o-na under a guarantee to refund the money in case it did not cure indigestion and increase weight.

This remarkable preparation is a true flesh-forming food, that builds up good, healthy, solid tissues, and makes thinness and scrawniness a thing of the past.

It tones up the digestive organs and will cure the worst case of indigestion, headache, dizziness, or the depressed, weak condition that afflicts nearly every one who suffers with stomach trouble. Mi-o-na does not simply relieve, it does lasting good.

In 98 out of every 100 cases where Mi-o-na is used, the result is a restoration of perfect harmony between height and weight and an absolute and permanent cure of all stomach troubles.

There are today hundreds in East Liverpool who are recommending Mi-o-na because it cured them. A few months ago they were thin and dyspeptic, and could eat nothing without fear of stomach trouble. Since using Mi-o-na they have made noticeable gain in flesh, can eat what they want, and when they want, without fear of suffering.

Remember that you risk nothing in buying Mi-o-na. If it gives you the desired effect the cost is trifling, if it fails Will Reed will pay for the remedy himself.

**LETTER FROM WILL REED**

Will Sign Bond to Refund Money Unless Mi-o-na Restores Health.

To the Editor of the News Review:

Dear Sir:—Having heard that some people question the sincerity of my offer to refund a purchaser's money if Mi-o-na does not cure dyspepsia, increase the flesh and restore health, I am writing you this letter to say over my own signature that this offer is made in good faith and will be lived up to by me both in the spirit and the letter.

I will give the following bond with every 50 cent box of Mi-o-na I sell. There is no risk in buying Mi-o-na.

**: GUARANTEE BOND:**  
I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach trouble: bles. WILL REED.

So many of my customers have told me of the great good Mi-o-na has done them, that I am more thoroughly convinced than ever that there is but little risk in selling Mi-o-na under this guarantee.

The demand for Mi-o-na is increasing rapidly and it is the most popular of all medicines we sell for the cure of stomach troubles. If it did not have unusual merit I could not afford to guarantee it.

Your readers can see that they run no risk whatever in buying Mi-o-na.

Respectfully yours,

WILL REED.

**BY THE LOCAL TEAM**

Defeated by One Score in a Strenuous and Interesting Game.

**THE KNOCKERS WERE OUT**

And Made Themselves Disagreeable Outside the Grounds—The Contest Abounded in Brilliant and Expert Plays—Webb Made the Only Run.

While the "Knocking birds were singing on the hill" the locals were suffered to leave West End park yesterday afternoon with another defeat scored against them. It was administered by the All Cubans after one of the hardest and most exciting games of the season.

The battle, so full of brilliant attempts and bubbling over with expert plays, was witnessed by an unusually large crowd, the hill tops west of the park having the largest representation of the season. That the majority of them are knockers of the first water and possessed of a spirit that is detected by every loyal hearted resident of the city was well demonstrated by their actions during the progress of the contest. Like the bunch that disgraced themselves so badly when the Windsors were at play that they have never had nerve since to enter the park, they sat on the "dead-head" hillside and upon every play whether dexterous or not, made by the visitors, howled themselves weak.

To the honorable fans on the inside of the high boards their demonstration was disgusting and deplorable. To them the word "knocker" does not bear enough significance. Words could hardly express the type of manhood into which they have drifted. A man that will not stand by his home team, his brother, is to be despised by the fair minded and loyal citizen and he should be disregarded and treated as a member of the brute family. The life of the degraded type is not to be of long standing, however, and when their days are over there will be a period of rejoicing never equaled in the annals of local fandom.

The exceptions of a critic would have been few at the game. It was beyond doubt one of the fastest exhibitions ever played on local diamonds and was fully appreciated by every legitimate onlooker. At no time throughout the contest was it safe to predict the result and until the last man on the local team was out in the ninth there was an excellent chance for a decided change in the score. Both escaped with but two errors and their field work at every period was superb.

It was hard luck alone that cost the game for the locals. They had the bases full twice and all told left 13 men on bases. A single upon any occasion would have tied the score and twice it would have meant sure victory. But they failed at the opportune times and the defeat was given them accordingly.

Webb scored the only run for the home aggregation. It was in the eighth inning. He stepped to the plate and was given a walk. Reark lashed the little sphere for a hit and both advanced a base while Emmerling was battling with the wind. Lawrence landed on the first ball and sent it whirling into center field. Webb took advantage of the long throw and easily scored. Reark got to third and died. Their next and last chance occurred when Wallace hit for two bases in the ninth. A single was the cry, but there was nothing doing and the game was over.

The visitors made their runs each time on three hits. In the second they jumped on Winters with all fours and pounded him unmercifully. The first man went out, but the second landed for a two bagger. He was caught at the goal upon his attempt to score when Munoz hunted. The next fellow hit for two bases and scored Munoz. The last man got a hit but went out at second. Morg was benched after the streak of misjudgment and well for the locals it was. It seemed that the Cubans had him sized up just right and had he not been retired they would likely have had the greatest sport of their lives.

Lawrence was substituted and his work was super fine. Notwithstanding that they got five hits off of him in the next and had he had the proper support the number would have been diminished to two. Three balls went whizzing down through third that should have

## PRESIDENT GRAFTON'S LOGIC ON THE POLICE DEPARTMENT MAKES A DEEP IMPRESSION

He Argues With Council On the Unwisdom and  
False Economy of Curtailing Num-  
ber of Officers.

When the ordinance fixing the number of salaries and bonds of the members of the police department was introduced last evening before council to be passed on its second reading the members of that honorable body who at the previous meeting voted in favor of its passage said not a word. They were confronted with a speech made by President Grafton, of the board of public safety, to which they found it impossible to reply.

In his remarks Mr. Grafton did not beat around the bush. He spoke with fearlessness and succeeded in making plain the attitude of the board concerning the matter. He said:

"Gentlemen, I want every one of you to well consider your action on this most important question. It is a matter of duty, not prejudice. By decreasing the number to serve on the police force you increase the danger to the people, who, by their votes placed you in power of the municipality. I want it understood that it was not the wish of the board of public safety to cut down the police force when it asked that a night watchman be furnished for the city hall. The members of the board fully realize the necessity of economy and we took that into consideration before the matter was submitted to you."

"It was not our intention to make public at present the plan by which

## COUNCIL DECIDES TO CLEAR STREETS

Obstructions in Any and Every Form Must Be Removed Under Order Issued.

## TAX LEVY BILL PASSED

As a result of the adjourned meeting of council held last evening the officials and employees of the city will receive their money's before the end of the week. The body voted unanimously for the passage of the appropriation ordinance. It is likely that the auditor and treasurer will distribute the money tomorrow afternoon. There were several other matters equally important attended to at this meeting.

Those present at the meeting were President Horwell, Barlow, Moon, Croxall, Smith, Bullock and Johnston. The session was one of the liveliest held in many months and was witnessed by a large crowd of interested citizens. They were there for the purpose of being eye-witnesses to any continuation of the movements started at the previous meeting.

After the appropriation ordinance was passed the report of the Pennsylvania avenue assessing board was read by Auditor Davidson and motion it was adopted. The next step of council in regard to this question that has been before the people for many long months is to appoint an equalizing board. It was expected that this board would be appointed last evening but it was deferred until the next meeting.

The report, as exclusively published in the News Review upon the day following its submission to the city auditor, shows quite a difference from that rendered by the first assessing board, and it is thought that taxpayers directly interested in it will raise serious objections to it.

Mr. Barlow informed council that William Elwell, of the West End, had protested to him against the action of an Italian who had erected a fence on a street in that section of the city several feet out in the thoroughfare. Johnston moved that council order the fence removed. Thereupon Mr. Croxall took the floor and advised his brethren to be careful in their action. He said that he knew of three residents on Shadydale avenue who were occupying half of the street and of

Assignment at Salem.

Lisbon, July 17.—(Special)—Allen T. Thomas, of Salem, has filed a deed of assignment in court here, transferring all his property, valued at \$350, to Frank Mercer, of that city, for a ratable distribution among his creditors. Mr. Mercer has qualified as his assignee under bond of \$2,000.

Petition in Partition.

Lisbon, July 17.—(Special)—William H. Hofmaster has filed a petition in partition against Lucy J. Hofmaster, Mary Whitenberger and Charles D. Straw, asking that his interests in a tract in Salem and lot 18 in the village of North Lima, Mahoning county, be set off to him.

## WELL KNOWN DECORATOR IS REPORTED MISSING

William K. Buxton Said to Have Mysteriously Disappeared from the City.

It was reported at central station this morning that William K. Buxton, the well known decorator, has mysteriously disappeared from the city. He is married and has several children.

It was also reported that the whereabouts of Miss Maude Hughes, a winsome young lady of the city, is not known.

Hungarian Wife Seeks Divorce.

Lisbon, July 17.—(Special)—Katy Miller, a Hungarian woman living in Salem, has filed suit for divorce from Martin Miller. The plaintiff says they were married in Hungary in 1883 and have no children. She charges extreme cruelty, alleging that her husband has frequently beaten, choked and maltreated her in a shameful manner. She says she ceased to live with him on June 24 last.

## A BIG OIL WELL NEAR COLUMBIANA

Operations in That Vicinity Take On a New Lease of Life.

## GREAT YIELD PROMISED

Lisbon, July 17.—(Special)—Oil operations in the vicinity of Columbiana are taking on renewed activity. H. J. Hyland & Co., of Pittsburgh, who have been pumping a well put down over a year ago by the O. K. Oil & Gas company, of Columbiana, on the Charles Gongaware farm, a mile west of that village, have found an encouraging and steadily increasing showing of oil. The well was shot yesterday with very satisfactory results.

Nearly 200 interested persons, including many from Columbiana and Leetonia, were present to witness the shooting yesterday morning. There were three distinct explosions and great quantities of oil spouted forth to a great height, going higher with each report. The result of the shooting cannot be fully ascertained until the arrival of additional machinery, which is expected in a few days. Meantime the pumping will be continued vigorously and another well will be put down on the adjacent farm of Sol D. Betz, drilling to begin next week.

A. J. Hyland & Co., the concern pushing the operations, is composed of experienced oil operators who believe they have found a good field.

The O. K. Oil & Gas company, originally organized by Columbiana and Leetonia men, has been acquiring considerable outside capital, and is preparing to push things again. The company put down five wells over a year ago, striking a strong flow of gas north of Columbiana, and it is the intention to add the product of additional wells in that vicinity. Gas franchises have been secured by the company in Columbiana, Leetonia and Washingtonville.

## NEW RAILWAY IS PROJECTED

STREET CAR LINE FROM WELLSBURG TO THIS CITY.

The Incorporators Are Pittsburg And Hancock County Capitalists.

A charter has been granted at Charleston, W. Va., to Chester, Pittsburgh and New Cumberland capitalists for an incorporation to be known as the Ohio Valley Street Railway company of Chester.

The proposed route is from Wellsburg to Holliday's Cove; thence over a bridge across the Ohio river to East Liverpool. The Chester parties interested refused to be interviewed, saying they would not talk until the charter had been received and they were ready to begin operations.

The capital is \$25,000 and the incorporators are Edward Marshall, John A. Gardner, Chester; Thomas C. Pitcairn, John W. Bailey, Pittsburgh; George R. Walmer, New Cumberland.

Service Board Meeting—The public service board will meet tonight and it is expected that the matter of the street railway crossings will be considered.

## LIBRARY GETS MONEY ASKED

Council Changes Its Mind On the Situation Being Explained at Length.

## AN EARNEST APPEAL MADE

By Members of the Library Board Has the Desired Effect and the Increased Appropriation Passes Unanimously.

Of the six councilmen present at the adjourned meeting held last evening there were but two members, Bullock and Croxall, who were unable to comprehend the importance of keeping the Carnegie library open to the public unhampered for lack of funds. They stubbornly voted against the amendment to the ordinance, which provides for an additional \$300, in the face of two eloquent and earnest appeals. However, the amendment was passed and the two councilmen, experiencing a change of heart, got in the band wagon and cast their votes in the affirmative on the third reading and final passage of the ordinance.

The question arose before the honorable body when the tax levy ordinance which was up for its third reading was presented. Attorney Jason H. Brookes was present by request of Miss Gertrude Baker, librarian at the Carnegie institution, and upon being allowed the floor spoke most eloquently in favor of the amendment to the ordinance. He said:

"I am here before you, gentlemen, by request of Miss Baker, the efficient librarian. She stated to me this morning that the majority of the library trustees are out of the city and that she would like to have the position in which the library is placed put before council in the proper light. She was much disconcerted and earnest over the question and was very anxious that something be done before your honorable body took final action. In the first place, gentlemen, the Carnegie library is an institution of which every resident should be proud. In fact, it is one of the most important institutions of the city, and I don't think you can please the people and let it die. The \$3,000 which has been voted to run the institution willbarely keep up its every day expenses. That the library should have \$300 more is very plain."

The money is needed for numberless reasons. The limited number of books have been used and re-used until they are worn and dirty. The fund provided by the vote of the people gives nothing toward adding to the stock of books. With such a grand institution in your hands, are you going to let it die and decay? I voice the sentiment of the great majority of the people when I say that you should not.

"Another point to be considered. I think we have been very fortunate in securing such a librarian as Miss Baker. The institution has been in constant motion ever since its opening and to Miss Baker is due much credit for the manner in which it has been run. I am seriously afraid that she is becoming discontented. Her work is hard and trying enough when everything is in smooth working order, but when she is compelled to worry over the financial condition of the library, it is putting too much on her shoulders, and unless some remedy is wrought I fear that she will leave us."

"We all appreciate the absolute necessity of economy, but in my opinion you are commencing at the wrong end. I am sure that it is the wish of the people that you give to the library fund the \$300 asked for, and I implore you that it be added."

W. L. Thompson, president of the library board, was also present and he gave another speech along the same line, portraying the need of the money and the duty of the councilmen in appropriating it. After he had finished his well chosen remarks, Councilman Johnston was heard. He is a member of the finance committee of council and stated that his reason for eliminating the \$300 was because he thought it was in council's power to donate more money during the year if needed. He spoke at length in favor of allowing the amendment and made a motion to that effect.

The capital is \$25,000 and the incorporators are Edward Marshall, John A. Gardner, Chester; Thomas C. Pitcairn, John W. Bailey, Pittsburgh; George R. Walmer, New Cumberland.

Service Board Meeting—The public service board will meet tonight and it is expected that the matter of the street railway crossings will be considered.

## SALOONKEEPER SMITH FINED \$25 AND COSTS

The Case Bitterly Contested at the Hearing Before the Mayor.

Three hours were consumed yesterday afternoon by the attorneys in conducting the trial of the city against Cornelius Smith, the West End saloonist, charged with keeping open his place of business on Sunday, June 28. At the conclusion of the trial Mayor Weaver reserved his decision until this afternoon at 2 o'clock. At the appointed time Smith appeared before the chief executive and was fined \$25 and costs, amounting to \$38.50.

The case was bitterly contested and was tried before a large crowd. There were ten witnesses who offered testimony as follows: P. McCarroll and wife; Richard Walker and wife; Dominic Hester, Ed Dickey, Chief Wyman and Officers Dawson, Aufderheide and Mahoney. Attorney Lones, of Wellsville, represented the defendant and Solicitor Davidson the city.

The Great Strike On the Southside Arouses Great Interest.

## ENOUGH FOR BIG SUPPLY

Since the big strike was made on the Hadley farm yesterday, interest in the development of the oil and gas territory near Chester has revived, and will undoubtedly result in the organization of a company to put down a number of wells.

Land in the vicinity of the Hadley property is now under lease and it is thought that can be negotiated for at any time. It is proposed that a company of East Liverpool and Chester people be formed and the land developed at once. F. M. Leisure, of East Liverpool, owns the lease on 1,800 acres of oil territory in the immediate vicinity, and it has been learned that he will be willing to dispose of it in case a company is formed. The land consists of tracts on the Newell, Allison, Johnson and Cunningham farms, and surrounds the Hadley tract on the west, south and north.

Mr. Leisure was interviewed this morning, and although he seems confident that his lease is a very valuable one, stated he would be willing to dispose of it. He made the assertion that three wells such as was struck on the Hadley farm yesterday would supply the city of East Liverpool and the town of Chester with all the gas they would require, and have plenty to spare. A large number of men in both towns are interested in the matter, and it is almost certain that steps will be taken within a few days which will result in the formation of a company.

Gauges were put on the well of the Chester company this morning, and after a thorough test it was found that the gas pressure was 20 pounds to the minute, and the pressure was uniform. No change in the force had been noted since yesterday, and though it has been more than 50 hours since the well came in no change whatever has been noted. It is asserted by the experts that if the pressure holds out without abating until Monday the success of the enterprise will be assured, and the well will be staying.

## CONFESSED HER GUILT

A Girl of 17 Lodged in Jail on a Charge of Drunkenness.

Marie Bell, which is a fictitious name, was arrested by Officer Fisher in the East End at an early hour this morning, and as the last car had reached the barn the patrol was called for the purpose of escorting the girl to jail. The prisoner was very drunk, and though but 17 years of age, is about as degraded as could be found in a day's travel.

When arraigned this morning she assumed an air of utter abandon and in a brazen manner acknowledged her guilt as though she was proud of the disgrace. Mayor Weaver fined the girl \$2 and costs and she still remains in jail.

## Farm Hand Badly Hurt.

Lisbon, July 17.—(Special)—Harry Guy, a farm hand on the Charles Newhouse farm north of Lisbon, was struck by a hay fork last evening and it was feared his neck was broken. He was unconscious several hours but is now said to be getting along well.

## PARDON EARNESTLY SOUGHT FOR A SALEM PRISONER DYING FROM CONSUMPTION

Executive Clemency Urged by Attorney L. P. Metzger in a Case With Many Pathetic Features.

From a Staff Correspondent.

Columbus, July 17.—Attorney Lewis P. Metzger, of Salem, arrived at the state capital last evening to use his best endeavors to secure a pardon for James Ryan, the Salem man who is lying critically ill with consumption in the hospital at the penitentiary. To his great disappointment he was unable to meet Governor Nash, that official having left the city for a lake trip several hours before he reached the city. Mr. Metzger came here from East Liverpool, where he had been to secure from Prosecutor J. H. Brookes a recommendation for clemency for Ryan, and but for a delay at Steubenville, caused by the train from East Liverpool being late, he would have reached Columbus before the governor's departure. This morning he conferred with Colonel Fred N. Sinks, private secretary to the governor, relative to the case, and urged on account of the precarious condition of the unfortunate man that consideration be given without delay.

About the only evidence necessary for a pardon for a person near death's door is a signed statement from the warden and penitentiary physician testifying that this is the condition of the applicant.

Attorney Metzger will return home today. He met Miss Ryan soon after his arrival here.

An application for a pardon was filed yesterday with the state pardon board for Dominick Fletcher, an Italian, received from Columbiana county in April, 1900, to serve seven years for assault with intent to rape. A brief statement of the crime accompanied the application. Fletcher thinks he has been punished sufficiently and wants release.

## SALEM FIREMAN KILLED AT TORONTO

RUN OVER BY THE HOSE CART DURING A RACE.

Tournament Festivities Marred by a Very Sad Occurrence Yesterday.

Toronto, July 17.—Oscar Jones, a member of the Deluge hose team of Salem, died here last night. He was in attendance at the fourth Eastern Ohio Firemen's tournament here. Jones, who was 23 years old, was injured while running in a race against time with his team. Just after the Deluge team got away at a terrific pace, he tripped and fell, the hose cart passing over his body.

Jones was picked up and it was found that his left arm was broken in two places, but it was not thought he was further hurt. He was taken to Dr. Giese's office and his arm was set. He was then driven to the race track again. After this he went to the home of Thomas Brown, where he complained of pains in his breast and died at 7 o'clock, surrounded by members of his team.

The Salem team was booked to run here today, but may not on account of Jones' sad death.

Verdict in Appropriation Cases.

Lisbon, July 17.—(Special)—The jury in the appropriation cases of the Stark Electric Railway company versus Charles and Martin Lottman returned a verdict last evening of \$110, including \$25 damages for the first named, and \$500, including \$200 damages for the second named. The case against Ira F. Brainard having been arbitrated, the jury was discharged.

Licensed to Wed.

Lisbon, July 17.—(Special)—William J. Balston and Vashi M. Dodds, of East Liverpool, have been licensed to marry.

## HOW THE VOTE STANDS

Every day the interest increases in the News Review voting contest. The readers of the best paper ever published in East Liverpool are not slow in taking advantage of such an offer and are helping their favorite in the work of getting coupons.

In anticipation of the enjoyable ocean and lake rides and the pleasure of breathing the sweetest and purest of air, the contestants have lined up their friends in such a manner that few if any of the more than 3,000 coupons issued with the regular edition of the News Review are wasted.

The News Review desires to urge all those who are collecting coupons and voting them to bring or send them in without waiting until a large batch has accumulated. All of the Series H and I coupons will be good until July 31, but readers can greatly facilitate the task of counting if they will send in their votes from day to day, instead of saving them until the last moment. This will not only be a convenience to the clerical force of the News Review, but will add interest to the contest, enabling those who are candidates or voters to form a correct idea of the progress of the voting. This is impossible when large numbers of votes are held back. To vote early and often should be the aim of all who are interested.

The following candidates each have 100 votes or more to their credit:

**Over-Work Weakens  
Your Kidneys.**

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers; they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

By all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of swamp-root, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

## WELLSVILLE

**HE SUCCEEDED  
ALONE AND UNAIDED**

Hammondsville Constable Ran Down  
And Caught Two Alleged  
Desperados.

Constable Charles McIntosh, of Ham-

mondsville, has distinguished himself  
again in tracking red-handed criminals  
to their lair and bringing them face  
to face with justice. In the capture  
yesterday at Somerset of Frank Beatley  
and Aaron Wilson, Constable Mc-

Intosh demonstrated the fact that as a  
sleuth he has no equal among the  
many minnows of the law in this par-

ticular part of the criminal vineyard.

The men are charged with burglary  
and are alleged to be two of a quartet  
of thieves who broke open and  
robbed a drug store and a shoe store  
at Magnolia one week ago. Two of

the four were captured by the Mag-

nolia police soon after the robbery

but Beatley and Wilson managed to  
escape the officers and until yesterday

were in mystery's realm.

Constable McIntosh obtained a de-

scription of the men wanted and the  
mayor of Magnolia furnished him with  
the necessary warrants for their ar-

rest. He took the trail after the other

officers had failed and his Sherlock

Holmes propensities soon led to

fruition. He located the men at Som-

erset and yesterday alone and unaided

he placed them under arrest at the

point of a six-shooter and took them

to Magnolia, where they were jailed to

await a hearing.

The railway detectives and the au-

thorities of several of the towns up-

and down the river had been on the  
lookout for the culprits and the con-

of Constable McIntosh over them all

has been the subject of much favora-

ble comment.

## NEW HEADQUARTERS

Into Which the Public Service Board  
Will Move as Soon as  
Possible.

At the meeting of the board of pub-

the public square, for one year, into  
which the board will move as soon as

A daughter has been born to Mr.

occurred at the home of Mr. and Mrs.  
Horace Given on Short street.

Earl Burgess, husband of Emma  
Bunting, the noted actress of this city,  
is slowly recovering from a severe at-  
tack of typhoid fever. He was here  
with his wife during May and almost  
immediately upon his arrival in New  
York was stricken with the fever. It  
is claimed that the Ohio river water  
here is responsible.

John Nicholson, a well known news-  
paper man, is critically ill with typhoid  
pneumonia at his home on Main  
street. The attending physician, Dr.  
Parks Rex, called Dr. B. R. Park to  
consultation, and after a thorough ex-  
amination of the patient, declared that  
the chances were against him. Mr.  
Nicholson's brother is here from Den-  
ver, Col., and everything possible  
is being done to ameliorate his suffering.

WITH THE WORKMEN  
IN THE CLAY PLANTS

THE BURRITT COLLECTION.

The choiceness of selection similar to that displayed in his collection of etchings reappears in Mr. Burritt's little group of porcelains. No. 12 is a lovely little egg shell bowl, with character marks and symbols etched in the transparent paste on the bottom, a specimen of infinite refinement corresponding to its diminutiveness.

Just such exquisite correspondence between treatment and size reappears in the small coupe, which has a soft, white iridescent glaze and delicate minuteness of crackle. You will find it again in the ovoid vase, which is invested with the daintiest pearl gray glaze; in a vase of the same form, that is of most liquid gray-green tone, with two butterfly ornaments carved in relief upon the shoulders; again in a bottle shaped vase, with a glaze of turquoise and brown in streaks, while propriety of decoration in relation to shape and size could scarcely be more complete than in another bottle shaped vase, which has a decoration of rocks and tree branches in dark blue outline beneath a peculiarly transparent glaze of starch blue tint.

One may also particularize a bowl of a remote period and an incense jar of melon shape, with panels of carved relief the color of dried almond skin, inclosed by a pell-mell surrounding of greenish brown glaze handsomely cracked, a contrast of effect that is equally full of spirit and refinement.

Notable also are the bowl and the incense jar, 30 and 31, respectively, says the Potters' Journal, both examples of flambe decoration with charming differences of feeling. An ovoid vase is a beautiful example of the camella leaf green color, and the bottle shaped jar, No. 55. This is of clear white hard paste, with a delicately elaborate ornamentation of flying bats and cloud forms, emerging from and melting into the body below the glaze, a decoration of remarkable subtlety.

A very useful feature of this exhibition is the range and quality of the collection of blue Staffordshire ware. It is interesting no less from the fineness of color and the excellence of the shape of many of the objects, than from the subjects with which it is in many cases decorated. These have

less. Bullock's speech was looked upon by every one present as a miserable attempt to explain his attitude and was received by the score of listeners in a manner very uncomplimentary to him.

Following, Mr. Moon had his say. He harped on economy and stated that he thought the library was unimportant when compared with other departments of the city. He seemed to be fearful that the \$300 would bankrupt the city and declared that he would much rather have the library close its doors than some other departments.

In response to Mr. Moon's declaration Attorney Brookes said: "I must disagree with Mr. Moon. The library is not an unimportant institution. It is one of the most important in the city. It deals with the young, who will some day be called upon to conduct the affairs of this municipality. Practice economy, gentlemen, but commence at some other point. There are a thousand ways in which you can save the \$300 for which you are asked. Surely this city of 25,000 people and its steadily increasing revenues can afford to give the paupers sum."

The obstinate members, after listening to the scathing remarks, decided to vote for the passage of the amended ordinance, and it was passed unanimously.

## CAMPERS ARE HOME

The Ceramic City Club Who Have Been On the Muskingum Returned Yesterday.

The Ceramic City Camping club, the members of which have been in camp on the Muskingum river at a point known as Luke Shute, have returned to the city after a stay of two weeks in the most delightful camping region for many miles.

The party captured a large number of fish and turtle. The credit for the biggest catch belongs to Blanchard McBride and James Reese, who succeeded in landing a 42-pound cat fish.

The club is composed of 16 members as follows: Edward Reese, James Reese, William Reese, Joseph Kerr, Blanchard McBride, Charles McBride, Matthew Curran, Robert Price, David Reese, Arthur Bloor, James Cowan, Joseph Strauss, Charles Kennedy, George Kennedy, George Emmerling, James Johnson, of New Cumberland.

## PEORIA NOTES.

Peoria, Ill., July 17.—The pottery started up July 13, after a shut down of 14 days, and the prospects seem good for a steady run. The boys have all returned from camp except H. N. Smith, W. Smith and Pat McCluggage, who expect to stay several weeks longer.

Local No. 27 held a special meeting July 6 and voted to stand by the conference committee. It was a little late on account of the boys being at camp.

The plant is still short of kilnmen, and there is room for two in the glaze and one in the biscuit.

Tom Connally has arrived from Springfield and started on the biscuit.

Allen Babcock was granted a withdrawal, having gone to a farm at Rochester, N. Y., where he intends to rest up for a few months.

## BARKER UNDER ARREST.

Zack Barker, who had the contract for putting new flues in the boilers at the Chelsea plant, New Cumberland, was arrested Saturday by Sheriff Allison on complaint sent from Parkersburg, where he was taken Tuesday. He is wanted there for stealing \$71 worth of goods.

## BIG SALES OF BRICK.

The Standard Brick company, of Empire, sold all of its brick that was made in their three plants last month, which amounted to 12,000,000, and they are building another new plant at Irondale. They expect to be making brick by the first of September.

## STARTS MONDAY.

The Chelsea plant, New Cumberland, will resume operations next Monday. Part of the force have been working the past week, putting everything in good shape.

## AMONG THE WORKMEN.

George Hipner, of Thompson's, is home from a visit to Atlantic City.

Roy Allison, of the slip house at Vodrey's, has returned from a trip to Atlantic City.

The jiggers met Tuesday evening, but nothing outside of routine business was transacted.

Marshall Green, of the warehouse at the K. T. & K., has returned from a pleasant visit at his old home near Wohlsburg.

## Manchurian Question Settled.

Washington, July 17.—The Manchurian question has been settled satisfactorily to this government. Assurances have been received from the Chinese government that it will in the near future open as treaty ports several ports now closed to the world's trade. The Russian government has conveyed formal assurance to the United States government that it will not in any way oppose such opening. While the ports to be opened are not yet specified it is gathered from the communications received that they are Mukden, the principal inland port of Manchuria, and Ta Tung Kao, at the mouth of the Yalu river. The state department is highly gratified at this outcome, feeling that it has secured not only for American commerce, but for the commerce of the world at large a very substantial gain.

### HOME AFFAIRS

#### Brief Notes of a Personal Nature and of Matters About Town.

A Lusty Infant.—Mr. and Mrs. John Blazier are receiving congratulations on the arrival of a 14-pound daughter.

Pleasant Outing.—The 25 boys of the Intermediate class of the Y. M. C. A. gymnasium will return tomorrow from a week's outing in camp at Fernwood, which they have greatly enjoyed.

Special Services—Special services preparatory for communion will be held at St. John's Lutheran church tonight. Sunday morning the handsome new bell of the church will be dedicated, several out-of-town ministers assisting Pastor Reinartz.

Funeral of a Child.—The funeral of the 11-months-old child of Mr. and Mrs. John Cannon took place from St. Aloysius' Catholic church this morning. The remains were brought here yesterday from Tiltonville, where the parents reside. Interment was made in the Catholic cemetery.

W. R. C. Meeting.—A special meeting of the Woman's Relief Corps was called this afternoon for the purpose of making arrangements for the society.

Police Suspect Murder.

Hammond, Ind., July 17.—The remains of the murdered man dragged out of Wolf Lake Wednesday have been identified by Charles Gerhart, of Chicago, as Edward P. Nielsen, also of Chicago. Nielsen was formerly a Lieutenant of the Danish army and came to this country four years ago. His profession was that of a sculptor. Nielsen usually carried a large sum of money. The murder theory is accepted by the police.

Old Age Not a Bar to Laborers.

Washington, July 17.—President Roosevelt has issued an order eliminating old age as a disqualification for eligibility to appointment as laborers in the government service. The physical qualifications, however, must be met.

### SOCIAL EVENTS

The guests assembled at 8 o'clock and enjoyed every hour of the time, which was spent in the exchange of social greetings among the large number present.

#### Birthday Surprise.

John W. Hohmann was greatly surprised when he went home last evening and found a lot of Elks and Heptarchs awaiting him. He didn't know what it meant until one of the number mentioned the fact that it was his thirty-seventh birthday. He had overlooked the date, but was reminded of it in such a manner that he is not likely to forget again. Everybody had a pleasant time.

#### No Dancing.

An error was made in the item yesterday relating to the party of Mr. and Mrs. O. A. Shingleton, of Gardendale. A misunderstanding occurred in enumerating the amusements indulged in. There was no dancing, and the party enjoyed none but the most innocent of games.

#### W.C.T.U. Social.

The members of the W. C. T. U. held a delightful social at the home of Mrs. Kinsey on Second street last evening.

#### Just About Bedtime

## EAST END STUBBORN BATTLE AGAINST DEATH

YOUNG CALDWELL IS NO WORSE SINCE YESTERDAY.

Physicians Fear Tetanus Will Result And State That Critical Period Is to Come.

Elza, the young son of Mr. and Mrs. Henderson Caldwell, of Dixonville, who was so seriously wounded yesterday morning by the discharge of a shot gun in the hands of his twin brother, James, is fighting a stubborn battle against death. With the chances all against his recovery, he has grown no worse since the wound was inflicted, and is bearing his suffering with unusual fortitude.

Dr. F. F. Davis was called into the case by Dr. Ferrell, and this morning both physicians made an examination of the wound. The entire charge contained in the gun penetrated the boy's body, entering at the right groin. At the point of entrance a jagged hole at least an inch and a half in diameter was made. All of the charge passed through the body and near the wound is a large blister caused by the flash of the powder.

The critical period of the boy's condition is expected within a few days when the inflammation that necessarily follows such a wound will be at its height. There is considerable danger also that tetanus will develop, owing to the powder burns.

The physicians are holding out no hope to the family for the boy's recovery.

## TWO INTERESTING LECTURES

Will Be Delivered Sunday at Second U. P. Church By a Pittsburgh Divine.

Rev. T. M. Chalmers, who has charge of the Jewish mission in Pittsburgh, will occupy the pulpit of the Second United Presbyterian church at both the morning and evening services next Sunday. Rev. Mr. Chalmers was to have been here last Sunday, but circumstances intervened making it impossible for him to come.

At the morning service he will talk upon the subject "What We Can Do to Evangelize the Jews." His topic in the evening will be "The Zionist Movement." Both of these lectures promise to be of great interest from the fact that Rev. Mr. Chalmers has devoted his life to the study of Jewish questions and is an eloquent and forcible speaker.

### Arranging the Program.

Rev. D. W. McQuiston, of the Second United Presbyterian church, was at Wellsville this afternoon, where he and Rev. T. H. Clarke, of Calcutta, met other members of the committee to arrange the program for the convention of young people of the church. The date or place for the convention has not yet been fixed, but it will likely be held some time in October.

### Will Build More Houses.

The Midway Land company is receiving bids for a number of fine dwelling houses which are to be constructed during the summer. The plans for these buildings have been drawn by Walter C. Supplee, of the company, who has developed a great deal of ability as an architect. The Supplee Land company will probably build a number of new houses this fall.

### Ready for the Sale.

The ladies of the Second Presbyterian church who are to hold a bread, cake and pie sale tomorrow in the new Fouts building, are making great preparations for the event. All the pastries offered for sale will be home made. The sale will be commenced promptly at 3 o'clock in the afternoon.

### EAST END AFFAIRS.

Mrs. T. W. McCaughan left this morning for Toronto to spend the day with relatives.

Mrs. Sarah Dawson left this morning for Smith's Ferry, where she will visit relatives.

Jesse McDaniel has returned from Pittsburgh, where he has been witness in the Pittsburg-New York base ball games.

The little son of William Gibbs, of Sandy Bottom, who has been ill of scarlet fever, is reported much better today.

### A Surgical Operation

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: "I suffered from bleeding and protruding piles for 20 years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me 18 months ago and I have not had a touch of the piles since,"—H. A. Tisdale, Sumerton, S. C. For blind, bleeding, itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Alvin H. Bulger.

### Military Maneuvers in October.

Washington, July 17.—Military maneuvers for the department of the lake will be held at West Point, Ky., in October. All the regular troops available in the department of the lake will participate and the national guard of the states of Michigan, Wisconsin, Indiana, Kentucky and Ohio will be invited to take part. It is probable Ohio will be represented by only one regiment, as her national guard is now in camp. It is expected 35 companies of regulars and 10 or 12 regiments of militia will participate in the maneuvers.

### Crude Oil Advances.

Tiona, O., July 17.—The price of crude oil was advanced 2 cents a barrel in the western field and 3 cents in the east. While many producers sold at the advance, others are holding for an additional increase in price. Quotations now are: Pennsylvania \$1.53; Tiona, \$1.65; Corning, \$1.33; New Castle, \$1.40; North Lima, \$1.16; South Lima, and Indiana, \$1.11.

### Cured His Mother of Rheumatism

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Huston, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried in fact, she is never without it now and is a full time able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with."

Mayor Weaver is justly indignant over the scheme promulgated by a few members of council to embarrass his administration by forcing the retirement of Chief of Police Wyman. Unquestionably he is right when he asserts that the people most desirous of seeing Mr. Wyman put out of office are lawbreakers and their sympathizers. His determination not to tamely submit to the dictation of this element is one which does him credit and will be applauded by friends of law and order generally. Council, entrusted with the duty of providing for the general welfare of the city, ought to be as reluctant as the mayor to take a step that will impair the efficiency of the police force and encourage lawlessness. The fact that John Wyman as police chief is favored by evildoers proves that he is the right

man for the place. It is a foolish sort of argument to say that, because a night watchman is needed at city hall, we must discharge a police chief to make room for him. Such sophistry will not prevail with sensible people. The board of public safety, which shares with the mayor the responsibility of seeing that the city is properly policed, through President Grafton, in his remarks last evening, made it plain to council that the board has no sympathy with the scheme to reduce the police force under the plea of cutting expenses, and showed that it would be false economy to cut down the number of officers, already inadequate to the city's needs. This is the idea that should prevail. And in any event, if cutting is necessary, it should begin at the bottom and not at the top. The whole city should be made to understand the iniquitous scheme proposed. If it were thoroughly aware of the situation, a storm of indignant protest would be raised. Let this be done and council will not dare to go contrary to the popular wish and legislate Wyman out of office.

Council did right in taking a sober second thought and heading the appeal of the Carnegie library board, as seconded by the News Review, for the small amount which will add a few hundred volumes to the library. The members who voted for the increased appropriation deserve the thanks of the public. Having a handsome and well furnished library, which came as a gift, the city can afford to be liberal in the matter of its maintenance.

Albion C. Nelson.

Lisbon, July 17.—(Special)—Word was received here last evening of the death of Albion C. Nelson, a former resident here, which occurred in the First Reserve hospital at Manila, May 21. Death was due to inflammation of the kidneys. Nelson was born in Lisbon in 1860, and was the son of George W. and Mary A. Nelson. He is survived here by his mother and his sister Evaline. He enlisted in the regular army before he became of age, and spent most of the years of his life in the service. He married and settled in Leavenworth, Kan., ten years ago. His wife, dying in 1897, left a little daughter who survives. At the outbreak of the Spanish war he enlisted in the Twentieth Kansas Volunteers, his experience among Spanish speaking people making him an efficient soldier in the Philippines. After the war he was in a San Francisco hospital, but upon regaining his health he returned to Manila, where he became interested in a mining company.

CARRIE NATION.

# CARRIE NATION

Needs no introduction to any person who reads the newspaper. She has been one of the most conspicuous figures in the United States during the past two years, and where ever she goes she is sure to attract crowds to hear her.

The most unique character in the country today, and the most widely talked about woman that ever stood before an audience is CARRIE NATION.

## She is a Fluent Speaker

With a powerful voice of pleasant accent, Ex-Governor St. John in a recent article referred to her in the highest terms, and pointed out that she had done a most valuable work in the cause of temperance.

## Mrs. Nation is a Wonder

Roll up P. T. Barnum with T. DeWitt Talmage, throw in a dash of Teddy Roosevelt, with a background of Sherlock Holmes and Wilkins Micawber, and the composite is a faint shadow of the real, the only Carrie Nation.

Everybody knows of Mrs. Nation and will want to hear her talk, whether they believe in her way of doing business or not.

This remarkable woman will positively appear at

## COUNCIL DECIDES TO CLEAR STREETS

Continued from First Page.

Subscribers who are going away for the summer months can have the Evening News Review sent to them by notifying this office of the out-of-town address, either by telephone or postal card. Change of address may be made as often as desired. When the change is ordered the old as well as the new address should be given.

"East Liverpool, O., July 16, 1903.—To the Honorable City Council,

"Gentlemen—We the members of the legislative committee of the East Liverpool Trades and Labor council have been authorized to inform your honorable body that it stands ready to give the city council whatever aid and support lies in its power to prevent an increase in the gas rates, and to enforce the ordinance restricting the price, passed by your body recently.

"Respectfully submitted,  
"WILLIAM COPE,  
"CRISS MCCONNELL,  
"Legislative committee."

Contrary to expectation there was no action taken on the ordinance which, if passed, will give the city engineer a salary of \$2,000 per year, which amount is not to include the pay of his assistants. The ordinance was turned over to Councilman Smith and he could not submit it with the provisions as contained in the original ordinance. He will have it ready by the next meeting. To a News Review reporter Mr. Smith said: "I shall certainly not vote for the ordinance as it was originally presented. We want to run the city on an economic basis, and we certainly would not be doing so were we to pass such an ordinance. It is to me the most absurd thing ever attempted by a member of the body. A man offers to do the work and pay his assistants for something like \$1,900, and then for us to say, 'No, we will not give you \$1,900; we will try to arrange it so your compensation will be double the amount,' is about as unreasonable as anything ever heard of."

Mr. Barlow again took the floor and severely criticised Mr. Croxall for making the assertion that it was spite work and said that he did not think council should refrain from taking action when it was the right course to pursue. Mr. Johnston then recommended his motion to the effect that every property holder in the city who is occupying public ground shall be notified to vacate. The motion carried unanimously. If this determination on the part of council is carried out there promises to be no end of litigation. Many of the potteries and other plants of the city are obstructing public highways and must move back if council persists.

Criss McConnell, delegated by the Trades and Labor council, was present at the meeting and upon being requested to make a statement in regard to a communication that had been submitted from his body concerning the action that should be taken to defeat the gas companies in their proposed plan to increase the rate, stated that Trades and Labor council had taken the matter into serious consideration with the result that the following resolution was passed which they hoped would be helpful to the city council

Douglas Claims Self-Defense.  
Fairmont, W. Va., July 17.—William Douglas is being tried for the killing of Fred and John Johnson within a few miles of Fairmont several months ago. A lengthy list of witnesses are summoned on the case. Douglas does not deny killing the Johnsons, but claims it was done in order to protect himself and family. One of the last witnesses examined was Mayor Blocker of Monongah, who testified that Douglas surrendered to him after he told of the crime he had committed and for what reason it was done. The testimony so far heard in the case seems to be in Douglass' favor.

Trolley Line Chartered.

Charleston, W. Va., July 17.—The Ohio Valley Street Railway company, of Chester, W. Va., was incorporated here to construct and operate a railroad from Wellsville to Hollidays Cove, thence to New Cumberland, to Chester, thence over a bridge across the Ohio river to East Liverpool. The capital is \$25,000 and the incorporators are Edward Marshall, John A. Gardner, Chester; Thomas C. Pitcairn, John W. Hailey, Pittsburgh; George R. Walmer, New Cumberland.

## GAS RATE INCREASED

Wellsburg City Council Will Take Immediate Steps to Oppose the Hardship.

A Wellsburg paper says: "At a meeting of the ordinance committee of council last night, for the purpose of reviewing the new ordinance, the subject of the advance in price of gas by the Tri-State company was taken up in the light of the restrictions upon the price in the franchise granted the company by the town. That franchise expressly states that the rates for gas shall be no higher than at Steubenville, Mingo Junction and Toronto, and it appearing that those places had succeeded in holding the gas company to the maximum price as stipulated in their franchise, it was decided to take the matter up at the next meeting of council and notify the company that the advanced rate will not be allowed. Wellsburg has been paying 25 cents per thousand for gas while our neighbors have paid but 20 cents and the injustice of the old rate even is apparent, but to further increase the rate and to collect a minimum rate of one dollar is regarded as an outrage."

From the above it would seem that other towns in West Virginia besides Chester have been victimized by the gas corporation. It is likely the town council will heed the appeal of the people for some sort of legislation which will relieve them from the increase in the rate which is proposed.

## WILL STAY IN CHESTER

Adam Clark Sells Mahoning County Property And Will Remain in Town.

Adam Clark has disposed of his interest in a tract of land in Mahoning county, near Youngstown, and has determined to remain in Chester. Mr. Clark has been in the employ of the Rock Springs railway for some time and several months ago purchased a small farm referred to while on a pleasure trip to Youngstown.

It was his intention to develop the land, but he has given it up. He had a conference with the management of the railroad, and it was developed that

## Choice Residence Property For Sale or Rent.

The undersigned offers for sale the property on the corner of Second and Jackson streets, city. The lot is 100 feet front on Second street with a front on Jackson street of 82 feet.

The house is large and roomy, having 12 rooms, with bath room, modern laundry, pantries, cemented cellars, furnace heat, gas and electric lighting, water on three floors.

An interest in the Second street gas well goes with the property. The gas well affords abundant fuel and is worth \$150 a year for light and heat.

Sixty feet front with the house can be sold separate. Also 40 feet of vacant frontage, very desirable for building a nice home.

The house will bear inspection and those who want a complete home are invited to call and examine. Price will be reasonable and terms to suit a purchaser. Inquire of

## BARTH KICKED DOWN THE LINE FENCE

And Must Appear Before Court to Show Why an Injunction Should Not Issue.

Carl Barth, who resides on the camp ground road, has been summoned to appear before the common pleas court next Wednesday to show why a temporary injunction should not be granted restraining him from tearing down fences and destroying property of William Anderson.

The trouble has been aired in the court of Justice McLane upon several occasions. Barth and his wife purchased a tract of land from Anderson several years ago, and a clerical error in the wording of the land contract is responsible for all the trouble. The contract shows that the Barths own about 100 feet more than is indicated in the survey.

Mr. and Mrs. Barth attempted to seize a sufficient amount of ground to make up the difference from the McFall land, lying just west, but the matter was taken into the court and they were stopped. They then went to the east side of their own property and a few days ago Barth kicked down the line fence and took possession of what he thought rightfully belonged to him. He was arrested and placed under bond. A short time afterward Mrs. Barth and Mrs. Stebner, who resides on the Anderson property east of the Barths, became involved in a quarrel, and the summons to appear in court is the last move in the complication.

## CHESTER NOTES.

The paving of Second street is about completed.

Major J. S. D. Mercer is recovering from a brief illness.

Joseph Haugh is erecting a new six room residence on Indiana avenue.

Ex-Mayor Dunn and family, of Chester, will attend the railroad picnic at Silver Lake tomorrow.

Postmaster W. C. Johnston was taken ill again yesterday and was compelled to return to his home.

Mrs. Mary Wright, who has been visiting friends in Calcutta for a few days, returned home to Minerva this morning.

B. I. Hilliard, who had his hand badly injured by being bitten by a crow, can be sold separately. Also 40 feet of vacant frontage, very desirable for building a nice home.

Mayor Weaver is justly indignant over the scheme promulgated by a few members of council to embarrass his administration by forcing the retirement of Chief of Police Wyman. Unquestionably he is right when he asserts that the people most desirous of seeing Mr. Wyman put out of office are lawbreakers and their sympathizers. His determination not to tamely submit to the dictation of this element is one which does him credit and will be applauded by friends of law and order generally. Council, entrusted with the duty of providing for the general welfare of the city, ought to be as reluctant as the mayor to take a step that will impair the efficiency of the police force and encourage lawlessness. The fact that John Wyman as police chief is feared by evildoers proves that he is the right

man for the place. It is a foolish sort of argument to say that, because a night watchman is needed at city hall, we must discharge a police chief to make room for him. Such sophistry will not prevail with sensible people. The board of public safety, which shares with the mayor the responsibility of seeing that the city is properly policed, through President Grafton, in his remarks last evening, made it plain to council that the board has no sympathy with the scheme to reduce the police force under the plea of cutting expenses, and showed that it would be false economy to cut down the number of officers, already inadequate to the city's needs. This is the idea that should prevail. And in any event, if cutting is necessary, it should begin at the bottom and not at the top. The whole city should be made to understand the iniquitous scheme proposed. If it were thoroughly aware of the situation, a storm of indignant protest would be raised. Let this be done and council will not dare to go contrary to the popular wish and legislate Wyman out of office.

Council did right in taking a sober second thought and heading the appeal of the Carnegie library board, as seconded by the News Review, for the small amount which will add a few hundred volumes to the library. The members who voted for the increased appropriation deserve the thanks of the public. Having a handsome and well furnished library, which came as a gift, the city can afford to be liberal in the matter of its maintenance.

The unfortunate occurrence at Dixieville reported yesterday again emphasizes the criminal folly of leaving loaded firearms where children can get their hands on them to use as playthings. Children will run into enough dangers without leaving them lying in their way.

was received here last evening of the death of Albion C. Nelson, a former resident here, which occurred in the First Reserve hospital at Manila, May 21. Death was due to inflammation of the kidneys. Nelson was born in Lisbon in 1860, and was the son of George W. and Mary A. Nelson. He is survived here by his mother and his sister Eveline. He enlisted in the regular army before he became of age, and spent most of the years of his life in the service. He married and settled in Leavenworth, Kan., ten years ago. His wife, dying in 1897, left a little daughter who survives. At the outbreak of the Spanish war he enlisted in the Twentieth Kansas Volunteers, his experience among Spanish speaking people making him an efficient soldier in the Philippines. After the war he was in a San Francisco hospital, but upon regaining his health he returned to Manila, where he became interested in a mining company.

**A STATEMENT ISSUED**

What W. A. Coleman Says Concerning the Thompson Park Sensation.

The statement which follows is self-explanatory and needs little comment other than the fact that a report was in circulation which compromised a well known young man and lady of the city. It would seem from the assertions made in Mr. Coleman's statement that he had either exaggerated or had been misunderstood. The signed statement follows and is self-explanatory:

"Thompson Park, July 16, '03.  
I, the undersigned, hereby affirm that the following statement is correct in every detail, and that all other reports circulated that differ from this assertion and credited to me are false: I hereby assert that on the night of July 13, 1903, hearing cries, and supposing that they emanated from Thompson park, I immediately went into the park to investigate. Upon arriving there I saw a lady and gentleman, but found nothing which was in any way suspicious or compromising. I hereby further affirm that I did not recognize either the lady or gentleman, and am sure I could not do so if called upon."

in its determination to divert the increase:

"East Liverpool, O., July 16, 1903.

"To the Honorable City Council,

"Gentlemen—We the members of the legislative committee of the East Liverpool Trades and Labor council have been authorized to inform your honorable body that it stands ready to give the city council whatever aid and support lies in its power to prevent an increase in the gas rates, and to enforce the ordinance restricting the price, passed by your body recently.

"Respectfully submitted,  
"WILLIAM COPE,  
"CRISS MC CONNELL,  
"Legislative committee."

Contrary to expectation there was no action taken on the ordinance which, if passed, will give the city engineer a salary of \$2,000 per year, which amount is not to include the pay of his assistants. The ordinance was turned over to Councilman Smith and he could not submit it with the provisions as contained in the original ordinance. He will have it ready by the next meeting. To a News Review reporter Mr. Smith said: "I shall certainly not vote for the ordinance as it was originally presented. We want to run the city on an economical basis, and we certainly would not be doing so were we to pass such an ordinance. It is to me the most absurd thing ever attempted by a member of the body. A man offers to do the work and pay his assistants for something like \$1,900, and then for us to say, 'No, we will not give you \$1,900; we will try to arrange it so your compensation will be double the amount,' is about as unreasonable as anything ever heard of."

Mr. Barlow again took the floor and severely criticised Mr. Croxall for making the assertion that it was spite work and said that he did not think council should refrain from taking action when it was the right course to pursue. Mr. Johnston then recommended his motion to the effect that every property holder in the city who is occupying public ground shall be notified to vacate. The motion carried unanimously. If this determination on the part of council is carried out there promises to be no end of litigation. Many of the potteries and other plants of the city are obstructing public highways and must move back if council persists.

Criss McConnell, delegated by the Trades and Labor council, was present at the meeting and upon being requested to make a statement in regard to a communication that had been submitted from his body concerning the action that should be taken to defeat the gas companies in their proposed plan to increase the rate, stated that Trades and Labor council had taken the matter into serious consideration with the result that the following resolution was passed which they hoped would be helpful to the city council

## GAS RATE INCREASED

Wellsburg City Council Will Take Immediate Steps to Oppose the Hardship.

A Wellsburg paper says: "At a meeting of the ordinance committee of council last night, for the purpose of reviewing the new ordinance, the subject of the advance in price of gas by the Tri-State company was taken up in the light of the restrictions upon the price in the franchise granted the company by the town. That franchise expressly states that the rates for gas shall be no higher than at Steubenville, Mingo Junction and Toronto, and it appearing that those places had succeeded in holding the gas company to the maximum price as stipulated in their franchise, it was decided to take the matter up at the next meeting of council and notify the company that the advanced rate will not be allowed. Wellsburg has been paying 25 cents per thousand for gas while our neighbors have paid but 20 cents and the injustice of the old rate even is apparent, but to further increase the rate and to collect a minimum rate of one dollar is regarded as an outrage."

From the above it would seem that other towns in West Virginia besides Chester have been victimized by the gas corporation. It is likely the town council will heed the appeal of the people for some sort of legislation which will relieve them from the increase in the rate which is proposed.

## WILL STAY IN CHESTER

Adam Clark Sells Mahoning County Property And Will Remain in Town.

Adam Clark has disposed of his interest in a tract of land in Mahoning county, near Youngstown, and has determined to remain in Chester. Mr. Clark has been in the employ of the Rock Springs railway for some time and several months ago purchased a small farm referred to while on a pleasure trip to Youngstown.

It was his intention to develop the land, but he has given it up. He had a conference with the management of the railroad, and it was developed that

the concern would be seriously crippled without him. It would be impossible to continue both, as Clark's partner, T. T. Oakes, could not be trusted to take care of the farm. The former was compelled to drop one or the other, and concluded to give up the frog farm.

## NEW BANK IN CHESTER

Judge Campbell, Sheriff Allison And Other Prominent Citizens Interested.

Judge John A. Campbell, Sheriff Allison and others have applied for a charter for a state bank at Chester. The capital stock will be \$50,000, and considerable sum has been paid in. They will open for business in a short time.

Nearly all the leading business men of Chester have taken stock in the bank.

## Married at Brilliant.

Tuesday, July 14, at the home of Mr. and Mrs. Thomas Green, of Brilliant, O., Wilber LeRoy Lucas and Miss Ethel Cook were united in marriage. Rev. Anderson, of the Christian church, officiating. A reception in honor of the happy couple was given at the home of the groom's parents, Mr. and Mrs. James Lucas, on the Palmer farm, Buffalo district, Wednesday afternoon. The couple is well known in Chester.

## Council Tonight.

The Chester council will meet in regular session this evening and it will likely be a long one, as a number of important matters are slated to come before the body. The apparent indifference of a number of property owners in the matter of abating nuisances of long standing, will come in for consideration.

## CHESTER NOTES.

The paving of Second street is about completed.

Mayor J. S. D. Mercer is recovering from a brief illness.

Joseph Haugh is erecting a new six room residence on Indiana avenue.

Ex-Mayor Dunn and family, of Chester, will attend the railroad picnic at Silver Lake tomorrow.

Postmaster W. C. Johnston was taken ill again yesterday and was compelled to return to his home.

Mrs. Mary Wright, who has been visiting friends in Calcutta for a few days, returned home to Minerva this morning.

B. I. Hilliard, who had his hand badly injured by being bitten by a crow, is slightly improved today. It's thought the danger from blood poisoning has passed.

The house will bear inspection and those who want a complete home are invited to call and examine. Price will be reasonable and terms to suit a purchaser. Inquire of

Geo. H. Owen & Co., Agents.

Or on the Premises.

Employees of the East Liverpool and Rock Springs railway have received

official notification of the strike now in progress on the line of the Kanawha Valley Traction company at Charles ton.

Mrs. Jennie Lewis, school teacher in the Third ward school, Wellsburg accompanied by her daughter Anna, have arrived at Arroyo, this county, where they will spend the summer vacation, returning when the fall school term begins.

Virgil Kilgore and Miss Minnie Connors will attend the performance at Junction Park theater tomorrow evening. Miss Connors has gone to New Castle, where she will remain until tomorrow afternoon and will be joined at Rochester by Mr. Kilgore.

## BARTH KICKED DOWN

## THE LINE FENCE

And Must Appear Before Court to Show Why an Injunction Should Not Issue.

Carl Barth, who resides on the camp ground road, has been summoned to appear before the common pleas court next Wednesday to show why a temporary injunction should not be granted restraining him from tearing down fences and destroying property of William Anderson.

The trouble has been aired in the court of Justice McLane upon several occasions. Barth and his wife purchased a tract of land from Anderson several years ago, and a clerical error, in the wording of the land contract is responsible for all the trouble. The contract shows that the Barths own about 100 feet more than is indicated in the survey.

Mr. and Mrs. Barth attempted to seize a sufficient amount of ground to make up the difference from the McFall land, lying just west, but the master was taken into the court and they were stopped. They then went to the east side of their own property and a few days ago Barth kicked down the line fence and took possession of what he thought rightfully belonged to him. He was arrested and placed under bond. A short time afterward Mrs. Barth and Mrs. Stehner, who resides on the Anderson property east of the Barths, became involved in a quarrel, and the summons to appear in court is the last move in the complication.

Will Reed Gives Guarantee Bond With  
Mi-o-na, the Flesh-Forming  
Food.

The proprietors of Mi-o-na, the marvelous flesh-forming food and digestion regulator, have made arrangements with Will Reed to sell this remarkable preparation in a new and hitherto unheard of way; furnishing a guarantee bond with every package.

**: GUARANTEE BOND.**  
: In buying a package of Mi-o-na, the purchaser is requested to have this guarantee signed by Will Reed as his absolute agreement to refund the money, if Mi-o-na does not give an increase in weight, and cure dyspepsia and all stomach troubles.  
Signed .....

Will Reed will give the above bond with every box of Mi-o-na he sells. You run no risk in buying Mi-o-na.

For years there has been a demand for a natural means of increasing the flesh and Mi-o-na has come to supply this need. It is not a cod liver oil preparation, but a combination of flesh-forming elements with remedies that regulate and aid digestion and restore health.

Everyone who is troubled with dyspepsia, headache, distress after eating, dizzy feeling or loss of appetite, or who is losing weight and in a rundown condition, should take the guarantee bond to Will Reed and commence the use of Mi-o-na at his risk, remembering that the treatment costs you nothing unless it does all that is claimed for it.

**THIS COSTS YOU NOTHING**

Will Reed Will Return Your Money If  
Mi-o-na Does Not Cure Dyspepsia  
And Increase Flesh.

There are hundreds of people in East Liverpool who were not the least bit surprised when they read in the News Review that Will Reed is selling Mi-o-na under a guarantee to refund the money in case it did not cure indigestion and increase weight.

This remarkable preparation is a true flesh-forming food, that builds up good, healthy, solid tissues, and makes thinness and scrawniness a thing of the past.

It tones up the digestive organs and will cure the worst case of indigestion, headache, dizziness, or the depressed, weak condition that afflicts nearly every one who suffers with stomach trouble. Mi-o-na does not simply relieve, it does lasting good.

In 98 out of every 100 cases where Mi-o-na is used, the result is a restoration of perfect harmony between height and weight and an absolute and permanent cure of all stomach troubles.

There are today hundreds in East Liverpool who are recommending Mi-o-na because it cured them. A few months ago they were thin and dyspeptic, and could eat nothing without fear of stomach trouble. Since using Mi-o-na they have made noticeable gain in flesh, can eat what they want, and when they want, without fear of suffering.

Remember that you risk nothing in buying Mi-o-na. If it gives you the desired effect the cost is trifling, if it fails Will Reed will pay for the remedy himself.

**LETTER FROM WILL REED**

Will Sign Bond to Refund Money Unless Mi-o-na Restores Health.

To the Editor of the News Review:

Dear Sir:—Having heard that some people question the sincerity of my offer to refund a purchaser's money if Mi-o-na does not cure dyspepsia, increase the flesh and restore health, I am writing you this letter to say over my own signature that this offer is made in good faith and will be lived up to by me both in the spirit and the letter.

I will give the following bond with every 50 cent box of Mi-o-na I sell. There is no risk in buying Mi-o-na.

**: GUARANTEE BOND.**  
: I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach trouble: bles. WILL REED.

So many of my customers have told me of the great good Mi-o-na has done them, that I am more thoroughly convinced than ever that there is but little risk in selling Mi-o-na under this guarantee.

The demand for Mi-o-na is increasing rapidly and it is the most popular of all medicines we sell for the cure of stomach troubles. If it did not have unusual merit I could not afford to guarantee it.

Your readers can see that they run no risk whatever in buying Mi-o-na.

Respectfully yours,

WILL REED.

**THE KNOCKERS WERE OUT**

And Made Themselves Disagreeable Outside the Grounds—The Contest Abounded in Brilliant and Expert Plays—Webb Made the Only Run.

While the "Knocking birds were singing on the hill" the locals were suffered to leave West End park yesterday afternoon with another defeat scored against them. It was administered by the All Cubans after one of the hardest and most exciting games of the season.

The battle, so full of brilliant attempts and bubbling over with expert plays, was witnessed by an unusually large crowd, the hill tops west of the park having the largest representation of the season. That the majority of them are knockers of the first water and possessed of a spirit that is detested by every loyal hearted resident of the city was well demonstrated by their actions during the progress of the contest. Like the bunch that disgraced themselves so badly when the Windors were at play that they have never had nerve since to enter the park, they sat on the "dead-head" hillside and upon every play whether dexterous or not, made by the visitors, howled themselves weak.

Everyone who is troubled with dyspepsia, headache, distress after eating, dizzy feeling or loss of appetite, or who is losing weight and in a rundown condition, should take the guarantee bond to Will Reed and commence the use of Mi-o-na at his risk, remembering that the treatment costs you nothing unless it does all that is claimed for it.

**Over-Work Weakens Your Kidneys.**

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Fains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-purified blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

You are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits

**WELLSVILLE****HE SUCCEEDED ALONE AND UNAIDED**

Hammondsville Constable Ran Down And Caught Two Alleged Desperados.

Constable Charles McIntosh, of Hammondsville, has distinguished himself again in tracking red-handed criminals to their lair and bringing them face to face with justice. In the capture yesterday at Somerford of Frank Beatley and Aaron Wilson, Constable McIntosh demonstrated the fact that as a sleuth he has no equal among the many millions of the law in this particular part of the criminal vineyard.

The men are charged with burglary and are alleged to be two of a quartet of thieves who broke open and robbed a drug store and a shoe store at Magnolia one week ago. Two of the four were captured by the Magnolia police soon after the robbery but Beatley and Wilson managed to escape the officers and until yesterday were in mystery's realm.

Constable McIntosh obtained a description of the men wanted and the mayor of Magnolia furnished him with the necessary warrants for their arrest. He took the trail after the other officers had failed and his Sherlock Holmes propensities soon led to fruition. He located the men at Somerford and yesterday alone and unaided he placed them under arrest at the point of a six-shooter and took them to Magnolia, where they were jailed to await a hearing.

The railway detectives and the authorities of several of the towns up and down the river had been on the lookout for the culprits and the crew of Constable McIntosh over them all has been the subject of much favorable comment.

SIX MILLS TO START

Resumption at the Sheet Steel Plant

After a Short Vacation.

Six of the 10 hot mills of the American Sheet Steel company here will start next week and the remaining four will be put in operation just as soon as a new spur wheel can be supplied for the engine.

The mills have been shut down for two weeks, most of the employes taking advantage of the lapse by going to seashore and lake retreats for the heated term.

During the temporary shut down many needed and expensive improvements have been added to the institution.

Miss Helen Denhart is entertaining Miss Grace Smith, of Anderson, Ind., and Miss Katherine Smith, of New Philadelphia.

Rev. Mr. Thomas, of South Carolina, is here to fill on Sunday the pulpit of Rev. L. A. Upshaw, who goes to Toronto to preach at the camp meeting there.

Miss Ina Pacey so severely cut one of her hands yesterday with a piece of glass that it was necessary for a physician to take several stitches in the wound.

Miss Katherine Caldwell, of Riverside, Cal., who has been the guest of Rev. and Mrs. L. F. Laverty at the Presbyterian manse, has gone to New York for an extended visit.

A daughter has been born to Mr. and Mrs. Joseph Blazier, of Commerce street. The same happy event occurred at the home of Mr. and Mrs. Horace Given on Short street.

Earl Burgess, husband of Emma Bunting, the noted actress of this city, is slowly recovering from a severe attack of typhoid fever. He was here with his wife during May and almost immediately upon his arrival in New York was stricken with the fever. It is claimed that the Ohio river water here is responsible.

John Nicholson, a well known newspaper man, is critically ill with typhoid pneumonia at his home on Main street. The attending physician, Dr. Parks Rex, called Dr. B. R. Parkie in consultation, and after a thorough examination of the patient, declared that the chances were against him. Mr. Nicholson's brother is here from Denver, Col., and everything possible is being done to ameliorate his suffering.

20TH YEAR. NO. 167

EAST LIVERPOOL, O., FRIDAY, JULY 17, 1903.

TWO CENTS.

## PRESIDENT GRAFTON'S LOGIC ON THE POLICE DEPARTMENT MAKES A DEEP IMPRESSION

He Argues With Council On the Unwisdom and  
False Economy of Curtailing Num-  
ber of Officers.

When the ordinance fixing the number, salaries and bonds of the members of the police department was introduced last evening before council to be passed on its second reading the members of that honorable body who at the previous meeting voted in favor of its passage said not a word. They were confronted with speech made by President Grafton, of the board of public safety, to which they found it impossible to reply.

In his remarks Mr. Grafton did not beat around the bush. He spoke with fearlessness and succeeded in making plain the attitude of the board concerning the matter. He said:

"Gentlemen, I want every one of you to well consider your action on this most important question. It is a matter of duty, not prejudice. By decreasing the number to serve on the police force you increase the danger to the people, who, by their votes placed you in power of the municipality. I want it understood that it was not the wish of the board of public safety to cut down the police force when it asked that a night watchman be furnished for the city hall. The members of the board fully realize the necessity of economy and we took that into consideration before the matter was submitted to you."

It was not our intention to make public at present the plan by which

we intended to pay the night watchman, but since some of you have given us the credit with being behind the move to lessen the number on the police force for the sake of economy, I will give an explanation and I want the people to know that it was no ruse or ours to get rid of a policeman in order that the night watchman might be secured. Mayor Weaver informed us that he intended to impose an extra \$1.60 on every man brought before him for the purpose of increasing the amount collected from fines. We considered that the plan was a good one and that through it sufficient money could be raised to pay the night watchman.

"You are paying \$14 per month for a janitor and it will be an easy matter to add \$35 per month to it. I say that the money can be obtained without hampering the city's funds in the least, and I think it would be not only unwise, but folly on your part to vote for the lessening of the force. It would be false economy to do so from the standpoint of the protection of our citizens. The board of public safety wants to protect the people, but you must understand that we cannot do it if you tie our hands. And I certainly hope that every councilman will realize his duty to the people before any definite action is taken."

## COUNCIL DECIDES TO CLEAR STREETS

Obstructions in Any and Every Form Must Be Removed Under Order Issued.

## TAX LEVY BILL PASSED

As a result of the adjourned meeting of council held last evening the officials and employees of the city will receive their money's before the end of the week. The body voted unanimously for the passage of the appropriation ordinance. It is likely that the auditor and treasurer will distribute the money tomorrow afternoon. There were several other matters equally important attended to at this meeting.

Those present at the meeting were President Horwell, Barlow, Moon, Croxall, Smith, Bullock and Johnston. The session was one of the liveliest held in many months and was witnessed by a large crowd of interested citizens. They were there for the purpose of being eye-witnesses to any continuation of the movements started at the previous meeting.

After the appropriation ordinance was passed the report of the Pennsylvania avenue assessing board was read by Auditor Davidson and on motion it was adopted. The next step of council in regard to this question that has been before the people for many long months is to appoint an equalizing board. It was expected that this board would be appointed last evening but it was deferred until the next meeting.

The report, as exclusively published in the News Review upon the day following its submission to the city auditor, shows quite a difference from that rendered by the first assessing board, and it is thought that taxpayers directly interested in it will raise serious objections to it.

Mr. Barlow informed council that William Elwell, of the West End, had protested to him against the action of an Italian who had erected a fence on a street in that section of the city several feet out in the thoroughfare. Johnston moved that council order the fence removed. Thereupon Mr. Croxall took the floor and advised his brethren to be careful in their action. He said that he knew of three residents on Shadydale avenue who were occupying half of the street and of

### Hungarian Wife Seeks Divorce.

Lisbon, July 17.—(Special)—Katy Miller, a Hungarian woman living in Salem, has filed suit for divorce from Martin Miller. The plaintiff says they were married in Hungary in 1883 and have no children. She charges extreme cruelty, alleging that her husband has frequently beaten, choked and maltreated her in a shameful manner. She says she ceased to live with him on June 24 last.

## A BIG OIL WELL NEAR COLUMBIANA

Operations in That Vicinity Take  
On a New Lease of  
Life.

### GREAT YIELD PROMISED

Lisbon, July 17.—(Special)—Oil operations in the vicinity of Columbiana are taking on renewed activity. H. J. Hyland & Co., of Pittsburgh, who have been pumping a well put down over a year ago by the O. K. Oil & Gas company, of Columbiana, on the Charles Gongaware farm, a mile west of that village, have found an encouraging and steadily increasing showing of oil. The well was shot yesterday with very satisfactory results.

Nearly 200 interested persons, including many from Columbiana and Leetonia, were present to witness the shooting yesterday morning. There were three distinct explosions and great quantities of oil spouted forth to a great height, going higher with each report. The result of the shooting cannot be fully ascertained until the arrival of additional machinery, which is expected in a few days. Meantime the pumping will be continued vigorously and another well will be put down on the adjacent farm of Sol D. Betz, drilling to begin next week.

A. J. Hyland & Co., the concern pushing the operations, is composed of experienced oil operators who believe they have found a good field.

The O. K. Oil & Gas company, originally organized by Columbiana and Leetonia men, has been acquiring considerable outside capital, and is preparing to push things again. The company put down five wells over a year ago, striking a strong flow of gas north of Columbiana, and it is the intention to add the product of additional wells in that vicinity. Gas franchises have been secured by the company in Columbiana, Leetonia and Washingtonville.

### NEW RAILWAY IS PROJECTED

STREET CAR LINE FROM WELLSBURG TO THIS CITY.

The Incorporators Are Pittsburg And Hancock County Capitalists.

A charter has been granted at Charleston, W. Va., to Chester, Pittsburgh and New Cumberland capitalists for an incorporation to be known as the Ohio Valley Street Railway company of Chester.

The proposed route is from Wellsville to Holliday's Cove; thence over a bridge across the Ohio river to East Liverpool. The Chester parties interested refused to be interviewed, saying they would not talk until the charter had been received and they were ready to begin operations.

The capital is \$25,000 and the incorporators are Edward Marshall, John A. Gardner, Chester; Thomas C. Pitcairn, John W. Bailey, Pittsburgh; George R. Walmer, New Cumberland.

Service Board Meeting.—The public service board will meet tonight and it is expected that the matter of the street railway crossings will be considered.

## LIBRARY GETS MONEY ASKED

Council Changes Its Mind On the Situation Being Explained at Length.

### AN EARNEST APPEAL MADE

By Members of the Library Board Has the Desired Effect and the Increased Appropriation Passes Unanimously.

Of the six councilmen present at the adjourned meeting held last evening there were but two members, Bullock and Croxall, who were unable to comprehend the importance of keeping the Carnegie library open to the public unhampered for lack of funds. They stubbornly voted against the amendment to the ordinance, which provides for an additional \$300, in the face of two eloquent and earnest appeals. However, the amendment was passed and the two councilmen, experiencing a change of heart, got in the band wagon and cast their votes in the affirmative on the third reading and final passage of the ordinance.

The question arose before the honorable body when the tax levy ordinance which was up for its third reading was presented. Attorney Jason H. Brookes was present by request of Miss Gertrude Baker, librarian at the Carnegie institution, and upon being allowed the floor spoke most eloquently in favor of the amendment to the ordinance. He said:

"I am here before you, gentlemen, by request of Miss Baker, the efficient librarian. She stated to me this morning that the majority of the library trustees are out of the city and that she would like to have the position in which the library is placed put before council in the proper light. She was much disconcerted and earnest over the question and was very anxious that something be done before your honorable body took final action. In the first place, gentlemen, the Carnegie library is an institution of which every resident should be proud. In fact, it is one of the most important institutions of the city, and I don't think you can please the people and let it die. The \$3,000 which has been voted to run the institution will barely keep up its every day expenses. That the library should have \$300 more is very plain.

The money is needed for numberless reasons. The limited number of books have been used and re-used until they are worn and dirty. The fund provided by the vote of the people gives nothing toward adding to the stock of books. With such a grand institution in your hands, are you going to let it die and decay? I think I voice the sentiment of the great majority of the people when I say that you should not.

Another point to be considered. I think we have been very fortunate in securing such a librarian as Miss Baker. The institution has been in constant motion ever since its opening and to Miss Baker is due much credit for the manner in which it has been run. I am seriously afraid that she is becoming discontented. Her work is hard and trying enough when everything is in smooth working order, but when she is compelled to worry over the financial condition of the library, it is putting too much on her shoulders, and unless some remedy is wrought I fear that she will leave us.

"We all appreciate the absolute necessity of economy, but in my opinion you are commencing at the wrong end. I am sure that it is the wish of the people that you give to the library fund the \$300 asked for, and I implore you that it be added."

W. L. Thompson, president of the library board, was also present and gave another speech along the same line, portraying the need of the money and the duty of the councilmen in appropriating it. After he had finished his well chosen remarks, Councilman Johnston was heard. He is a member of the finance committee of council and stated that his reason for eliminating the \$300 was because he thought it was in council's power to donate more money during the year if needed. He spoke at length in favor of allowing the amendment and made a motion to that effect.

The capital is \$25,000 and the incorporators are Edward Marshall, John A. Gardner, Chester; Thomas C. Pitcairn, John W. Bailey, Pittsburgh; George R. Walmer, New Cumberland.

Service Board Meeting.—The public service board will meet tonight and it is expected that the matter of the street railway crossings will be considered.

### SALOONKEEPER SMITH FINED \$25 AND COSTS

The Case Bitterly Contested at the Hearing Before the Mayor.

Three hours were consumed yesterday afternoon by the attorneys in conducting the trial of the city against Cornelius Smith, the West End saloonist, charged with keeping open his place of business on Sunday, June 28. At the conclusion of the trial Mayor Weaver reserved his decision until this afternoon at 2 o'clock. At the appointed time Smith appeared before the chief executive and was fined \$25 and costs, amounting to \$38.50.

The case was bitterly contested and was tried before a large crowd. There were ten witnesses who offered testimony as follows: P. McCarroll and wife; Richard Walker and wife; Dominic Hester, Ed Dickey, Chief Wyman and Officers Dawson, Aufderheide and Mahoney. Attorney Lones, of Wellsville, represented the defendant and Solicitor Davidson the city.

## MORE GAS WELLS WILL BE DRILLED

The Great Strike On the Southside Arouses Great Interest.

### ENOUGH FOR BIG SUPPLY

Since the big strike was made on the Hadley farm yesterday, interest in the development of the oil and gas territory near Chester has revived, and will undoubtedly result in the organization of a company to put down a number of wells.

Land in the vicinity of the Hadley property is now under lease and it is thought can be negotiated for at any time. It is proposed that a company of East Liverpool and Chester people be formed and the land developed at once. F. M. Leisure, of East Liverpool, owns the lease on 1,800 acres of oil territory in the immediate vicinity, and it has been learned that he will be willing to dispose of it in case a company is formed. The land consists of tracts on the Newell, Allison, Johnson and Cunningham farms, and surrounds the Hadley tract on the west, south and north.

Mr. Leisure was interviewed this morning, and although he seems confident that his lease is a very valuable one, stated he would be willing to dispose of it. He made the assertion that three wells such as was struck on the Hadley farm yesterday would supply the city of East Liverpool and the town of Chester with all the gas they would require, and have plenty to spare. A large number of men in both towns are interested in the matter, and it is almost certain that steps will be taken within a few days which will result in the formation of a company.

Gauges were put on the well of the Chester company this morning, and after a thorough test it was found that the gas pressure was 20 pounds to the minute, and the pressure was uniform. No change in the force had been noted since yesterday, and though it has been more than 50 hours since the well came in no change whatever has been noted. It is asserted by the experts that if the pressure holds out without abating until Monday the success of the enterprise will be assured, and the well will be a stayer.

### CONFESSED HER GUILT

A Girl of 17 Lodged in Jail on a Charge of Drunkenness.

Marie Bell, which is a fictitious name, was arrested by Officer Fisher in the East End at an early hour this morning, and as the last car had reached the barn the patrol was called for the purpose of escorting the girl to jail. The prisoner was very drunk, and though but 17 years of age, is about as degraded as could be found in a day's travel.

When arraigned this morning she assumed an air of utter abandon and in a brazen manner acknowledged her guilt as though she was proud of the disgrace. Mayor Weaver fined the girl \$2 and costs and she still remains in jail.

Farm Hand Badly Hurt.  
Lisbon, July 17.—(Special)—Harry Guy, a farm hand on the Charles Newhouse farm north of Lisbon, was struck by a hay fork last evening and it was feared his neck was broken. He was unconscious several hours but is now said to be getting along well.

## PARDON EARNESTLY SOUGHT FOR A SALEM PRISONER DYING FROM CONSUMPTION

Executive Clemency Urged by Attorney L. P. Metzger in a Case With Many Pathetic Features.

From a Staff Correspondent.

Columbus, July 17.—Attorney Lewis P. Metzger, of Salem, arrived at the state capital last evening to use his best endeavors to secure a pardon for James Ryan, the Salem man who is lying critically ill with consumption at the hospital at the penitentiary. To his great disappointment he was unable to meet Governor Nash, that official having left the city for a lake trip several hours before he reached the city. Mr. Metzger came here from East Liverpool, where he had been to secure from Prosecutor J. H. Brookes a recommendation for clemency for Ryan, and but for a delay at Steubenville, caused by the train from East Liverpool being late, he would have reached Columbus before the governor's departure. This morning he conferred with Colonel Fred N. Sinks, private secretary to the governor, relative to the case, and urged on account of the precarious condition of the unfortunate man that consideration be given without delay.

Pardon is requested under the statute authorizing the governor to pardon when the applicant is in imminent danger of death. It is probable that Private Secretary Sinks will communicate with the governor, and there is a possibility that the latter will order the issuance of a pardon for Ryan. It is understood that Judge W. W. Hole, of Salem, is here to represent the applicant.

Land in the vicinity of the Hadley property is now under lease and it is thought can be negotiated for at any time. It is proposed that a company of East Liverpool and Chester people be formed and the land developed at once. F. M. before whom Ryan was tried, has recommended a pardon for him.

It was reported yesterday that Ryan's condition was very grave. His daughter, Miss Maggie, a prepossessing young lady, has been keeping vigil at her father's side for some weeks. She is bearing up bravely in her trouble and has the deepest sympathy of the officials and all others whom she has met. It is stated there are mitigating circumstances surrounding the offense which culminated in Ryan's misfortune, and general sorrow is expressed for him. His wife has returned to Salem. Warden Hershey called on the sick man today.

About the only evidence necessary for a pardon for a person near death's door is a signed statement from the warden and penitentiary physician testifying that this is the condition of the applicant.

Attorney Metzger will return home today. He met Miss Ryan soon after his arrival here.

An application for a pardon was filed yesterday with the state pardon board for Dominick Fletcher, an Italian, received from Columbiana county in April, 1900, to serve seven years for assault with intent to rape. A brief statement of the crime accompanied the application. Fletcher thinks he has been punished sufficiently and wants release.

Every day the interest increases in the News Review voting contest. The readers of the best paper ever published in East Liverpool are not slow in taking advantage of such an offer and are helping their favorite in the work of getting coupons.

**WITH THE WORKMEN  
IN THE CLAY PLANTS**

**THE BURRITT COLLECTION.**

The choiceness of selection similar to that displayed in his collection of etchings reappears in Mr. Burritt's little group of porcelains. No. 12 is a lovely little egg shell bowl, with character marks and symbols etched in the transparent paste on the bottom, a specimen of infinite refinement corresponding to its diminutiveness.

Just such exquisite correspondence between treatment and size reappears in the small coupe, which has a soft, white iridescent glaze and delicate minuteness of crackle. You will find it again in the ovoid vase, which is invested with the daintiest pearl gray glaze; in a vase of the same form, that is of most liquid gray-green tones, with two butterfly ornaments carved in relief upon the shoulders; again in a bottle shaped vase, with a glaze of turquoise and brown in streaks, while propriety of decoration in relation to shape and size could scarcely be more complete than in another bottle shaped vase, which has a decoration of rocks and tree branches in dark blue outline beneath a peculiarly transparent glaze of starch blue tint.

One may also particularize a bowl of a remote period and an incense jar in melon shape, with panels of carved relief the color of dried almond skin, inclosed by a pellicle surrounding of greenish brown glaze handsomely crackled, a contrast of effect that is equally full of spirit and refinement.

Notable also are the bowl and the incense jar, 30 and 31, respectively, says the Potters' Journal, both examples of flame decoration with charming differences of feeling. An ovoid vase is a beautiful example of the camella leaf green color, and the bottle shaped jar, No. 55. This is of clear white hard paste, with a delicately elaborate ornamentation of flying bats and cloud forms, emerging from and melting into the body below the glaze a decoration of remarkable subtlety.

A very useful feature of this exhibition is the range and quality of the collection of blue Staffordshire ware. It is interesting no less from the fineness of color and the excellence of the shape of many of the objects, than from the subjects with which it is in many cases decorated. These have

**LIBRARY GETS  
MONEY ASKED**

Continued from First Page.

Bullock's speech was looked upon by every one present as a miserable attempt to explain his attitude and was received by the score of listeners in a manner very uncomplimentary to him.

Following, Mr. Moon had his say. He harped on economy and stated that he thought the library was unimportant when compared with other departments of the city. He seemed to be fearful that the \$300 would bankrupt the city and declared that he would much rather have the library close its doors than some other departments.

In response to Mr. Moon's declaration Attorney Brooks said: "I must disagree with Mr. Moon. The library is not an unimportant institution. It is one of the most important in the city. It deals with the young, who will some day be called upon to conduct the affairs of this municipality. Practice economy, gentlemen, but commence at some other point. There are a thousand ways in which you can save the \$300 for which you are asked. Surely this city of 25,000 people and its steadily increasing revenues can afford to give the paupers sum."

The obstinate members, after listening to the scathing remarks, decided to vote for the passage of the amended ordinance, and it was passed unanimously.

**CAMPERS ARE HOME**

The Ceramic City Club Who Have Been On the Muskingum Returned Yesterday.

The Ceramic City Camping club members of which have been in camp on the Muskingum river at a point known as Luke Shute, have returned to the city after a stay of two weeks in the most delightful camping region for many miles.

The party captured a large number of fish and turtle. The credit for the biggest catch belongs to Blanchard McBride and James Reese, who succeeded in landing a 42-pound cat fish. The club is composed of 16 members who expect to stay several weeks longer.

Local No. 27 held a special meeting July 6 and voted to stand by the conference committee. It was a little late on account of the boys being at camp.

The plant is still short of kilnmen, and there is room for two in the glaze and one in the biscuit.

Tom Connelly has arrived from Sebring and started on the biscuit.

Allen Babcock was granted a withdrawal, having gone to a farm at Rochester, N. Y., where he intends to rest up for a few months.

**BARKER UNDER ARREST.**

Zack Barker, who had the contract for putting new flies in the bottlers at the Chelsea plant, New Cumberland, was arrested Saturday by Sheriff Allison on complaint sent from Parkersburg, where he was taken Tuesday. He is wanted there for stealing \$71 worth of goods.

**BIG SALES OF BRICK.**

The Standard Brick company, of Empire, sold all of its brick that was made in their three plants last month, which amounted to 12,000,000, and they are building another new plant at Irondale. They expect to be making brick by the first of September.

**STARTS MONDAY.**

The Chelsea plant, New Cumberland, will resume operations next Monday. Part of the force have been working the past week, putting everything in good shape.

**AMONG THE WORKMEN.**

George Hippler, of Thompson's, is home from a visit to Atlantic City.

Roy Allison, of the ship house at Vodrey's, has returned from a trip to Atlantic City.

The jiggers met Tuesday evening, but nothing outside of routine business was transacted.

Marshall Green, of the warehouse at the K. T. & K., has returned from a pleasant visit at his old home near Wellsville.

**A GAS FIGHT**

**AT ALLIANCE**

**CITY ENJOINED FROM REGULATING THE PRICE.**

**Company Claims It Cannot Produce Gas at the Figures Stipulated.**

Alliance has a gas fight on its hands. Following dispatch will interest East Liverpool people:

Wednesday morning P. D. Samsell, deputy United States marshal, serving a restraining order on the city of Alliance, enjoining the council from enforcing the ordinance recently passed, relative to the price which the Alliance Gas & Electric company may charge for their products. The case was taken to the United States circuit court in Cleveland, and the city is summoned to appear in this court before Chief Justice M. F. Fuller, on July 31, when the temporary restraining order will be heard. The answer day is set for the first Monday in September.

When council passed the ordinance, the Gas & Electric company informed the members that the price set was below actual cost of production and positively refused to comply with the demands made. The company claims that the cost had been settled for 10 years by the last council and that the present body has no right to change their decisions.

The fact is that council has power to regulate the price to be charged, but since the company says that it positively cannot manufacture gas for the price named, it puts the question in very peculiar shape.

What action the court can take in the matter is not known, and there seems to be no solution to the question except for one side to give in. If the case is carried into court, a big suit will follow and the expenses in the United States courts are by no means of minor importance.

The officials of the city are greatly disturbed by the new turn of affairs, and City Solicitor Miller is spending some time in considering what is best to be done in the matter.

**Catarrh of the Stomach.**

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus instead of the natural juices of digestion. This is called catarrh of the stomach. "For years I suffered with catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure"—J. R. Rhea Coppell, Texas. Sold by Alvin H. Baker.

Administered Poison by Mistake. St. Joseph Mo., July 17.—Major Andrew Russell, prominent in military work of Kansas for many years while a resident of Leavenworth, was killed at the state hospital for insane by the accidental administering of a dose of carbolic acid instead of medicine. O. T. LaFwich, one of the most faithful attendants of the institution, gave the poison to the patient and in five minutes Major Russell was dead.

**PRES. CRAFTON'S LOGIC**

Continued from First Page.

Mr. Dawson, another member of the safety board, also spoke on the subject, and his words were very effective. He said that for council to cut down the number of policemen would be a grievous mistake. "Our force is composed of good officers," said he, "and they cannot now properly police the city. Had we the number necessary the force would be doubled. I would much rather lose a fireman than to have a policeman cut off. However, the firemen are a great help to the police force. Were it not for them the police would be unable to cope with the lawbreakers. The absurdity of action whereby the force would be diminished is very plain and it is not only my hope, but that of the great majority of residents, that you will not take the proposed action. Today many fathers came to me and asked that I do all within my power to divert the action. They spoke while thinking of their boys and girls. I implore that you reconsider your action and allow us the number for which we have asked.

My hope is that the time will come when we will not need any policemen in the city, but until that time I think we should have a sufficient number to preserve order and peace."

No reply was made to the speeches and the ordinance slipped through on its second reading without a word.

The police will see that no harm will fall Mrs. Carrie Nation, for Joseph Bros. are using the hatchet in their Red Ticket Suit sale.

## EAST END STUBBORN BATTLE AGAINST DEATH

YOUNG CALDWELL IS NO WORSE SINCE YESTERDAY.

Physicians Fear Tetanus Will Result And State That Critical Period Is to Come.

Elza, the young son of Mr. and Mrs. Henderson Caldwell, of Dixonville, who was so seriously wounded yesterday morning by the discharge of a shot gun in the hands of his twin brother, James, is fighting a stubborn battle against death. With the chances all against his recovery, he has grown no worse since the wound was inflicted, and is bearing his suffering with unusual fortitude.

Dr. F. F. Davis was called into the case by Dr. Ferrell, and this morning both physicians made an examination of the wound. The entire charge contained in the gun penetrated the boy's body, entering at the right groin. At the point of entrance a jagged hole at least an inch and a half in diameter was made. All of the charge passed through the body and near the wound is a large blister caused by the flash of the powder.

The critical period of the boy's condition is expected within a few days when the inflammation that necessarily follows such a wound will be at its height. There is considerable danger also that tetanus will develop, owing to the powder burns.

The physicians are holding out no hope to the family for the boy's recovery.

## TWO INTERESTING LECTURES

Will Be Delivered Sunday at Second U. P. Church By a Pittsburg burg Divine.

Rev. T. M. Chalmers, who has charge of the Jewish mission in Pittsburgh, will occupy the pulpit of the Second United Presbyterian church at both the morning and evening services next Sunday. Rev. Mr. Chalmers was to have been here last Sunday, but circumstances intervened making it impossible for him to come.

At the morning service he will talk upon the subject "What We Can Do to Evangelize the Jews." His topic in the evening will be "The Zionist Movement." Both of these lectures promise to be of great interest from the fact that Rev. Mr. Chalmers has devoted his life to the study of Jewish questions and is an eloquent and forcible speaker.

**Arranging the Program.** Rev. D. W. McQuiston, of the Second United Presbyterian church, was at Wellsville this afternoon, where he and Rev. T. H. Clarke, of Calcutta, met other members of the committee to arrange the program for the convention of young people of the church. The date or place for the convention has not yet been fixed, but it will likely be held some time in October.

**Will Build More Houses.** The Midway Land company is receiving bids for a number of fine dwelling houses which are to be constructed during the summer. The plans for these buildings have been drawn by Walter C. Supplee, of the company, who has developed a great deal of ability as an architect. The Supplee Land company will probably build a number of new houses this fall.

**Ready for the Sale.** The ladies of the Second Presbyterian church who are to hold a bread, cake and pie sale tomorrow in the new Founts building, are making great preparations for the event. All the pastries offered for sale will be home-made. The sale will be commenced promptly at 3 o'clock in the afternoon.

**EAST END AFFAIRS.** Mrs. T. W. McCain left this morning for Toronto to spend the day with relatives.

Mrs. Sarah Dawson left this morning for Smith's Ferry, where she will visit relatives.

Jesse McDaniel has returned from Pittsburgh, where he has been witness in the Pittsburgh-New York base ball games.

The little son of William Gibbs, of Sandy Bottom, who has been ill of scarlet fever, is reported much better today.

Mayor Weaver is justly indignant over the scheme promulgated by a few members of council to embarrass his administration by forcing the retirement of Chief of Police Wyman. Unquestionably he is right when he asserts that the people most desirous of seeing Mr. Wyman put out of office are lawbreakers and their sympathizers. His determination not to tamely submit to the dictation of this element is one which does him credit and will be applauded by friends of law and order generally. Council, entrusted with the duty of providing for the general welfare of the city, ought to be as reluctant as the mayor to take a step that will impair the efficiency of the police force and encourage lawlessness. The fact that John Wyman as police chief is feared by evildoers proves that he is the right

**Exquisite Perfumes**

There is something akin to art in the making of perfumes. The perfumers of acknowledged genius can almost be counted on the fingers of a single hand. We have the goods of these recognized masters. Some come from abroad, some are domestic products, all are magnificent odor creations.

Freshness is a desirable quality in any perfume, and we regulate our buying so as to insure this. It is our constant endeavor, also, to save our customers something on the price.

man for the place. It is a foolish sort of argument to say that, because a night watchman is needed at city hall, we must discharge a police chief to make room for him. Such sophistry will not prevail with sensible people. The board of public safety, which shares with the mayor the responsibility of seeing that the city is properly policed, through President Grafton, in his remarks last evening, made it plain to council that the board has no sympathy with the scheme to reduce the police force under the plea of cutting expenses, and showed that it would be false economy to cut down the number of officers, already inadequate to the city's needs. This is the idea that should prevail. And in any event, if cutting is necessary, it should begin at the bottom and not at the top. The whole city should be made to understand the iniquitous scheme proposed. If it were thoroughly aware of the situation, a storm of indignant protest would be raised. Let this be done and council will not dare to go contrary to the popular wish and legislate Wyman out of office.

Council did right in taking a sober second thought and heeding the appeal of the Carnegie library board, as seconded by the News Review, for the small amount which will add a few hundred volumes to the library. The members who voted for the increased appropriation deserve the thanks of the public. Having a handsome and well furnished library, which came as a gift, the city can afford to be liberal in the matter of its maintenance.

The unfortunate occurrence at Dixieville reported yesterday again emphasizes the criminal folly of leaving loaded firearms where children can get their hands on them to use as playthings. Children will run into enough dangers without leaving them lying in their way.

The head of the Smithsonian institute, long interested in aerial navigation, now has his airship ready for a trial, and the world will soon know whether or not his science is superior to that of Daedalus and Darius Green.

Councilman Bullock has suddenly made the discovery that he is not the whole thing in the city legislature. Unfortunately the shock was not great enough to silence him.

The czar can refuse to read the petition of the Jewish societies on the Kishineff outrages, but his government cannot escape the world's censure.

Albion C. Nelson, Lisbon, July 17.—(Special)—Word was received here last evening of the death of Albion C. Nelson, a former resident here, which occurred in the First Reserve hospital at Manila, May 21. Death was due to inflammation of the kidneys. Nelson was born in Lisbon in 1869, and was the son of George W. and Mary A. Nelson. He is survived here by his mother and his sister Evaline. He enlisted in the regular army before he became of age, and spent most of the years of his life in the service. He married and settled in Leavenworth, Kan., ten years ago. His wife, dying in 1897, left a little daughter who survives. At the outbreak of the Spanish war he enlisted in the Twentieth Kansas Volunteers, his experience among Spanish speaking people making him an efficient soldier in the Philippines. After the war he was in a San Francisco hospital, but upon regaining his health he returned to Manila, where he became interested in a mining company.

Jay Eakin.

The funeral services of Jay Eakin, who died at his home near Calcutta, were conducted yesterday afternoon by Rev. W. H. Clark, of the United Presbyterian church. The interment was made in the church cemetery.

**FAMOUS STAG CAFE HAS CHANGED HANDS**

D. A. Devine Has Sold to J. J. Delaney, a Prominent Coraopolis Caterer.

D. A. Devine has sold his popular hotel and cafe, the Stag, on Second street near the C. & P. passenger depot, to J. J. Delaney, a prominent western Pennsylvania caterer, who has lately been located at Coraopolis. This change is of considerable interest to the traveling public and to many local people, who have depended upon the excellent cuisine and accommodations of the establishment.

Mr. Devine has made the Stag a famous cafe and it is the intention of the purchaser to even add to this reputation. Mr. Delaney, who has already taken full possession, is an agreeable gentleman and promises to become as popular as his predecessor.

in its determination to divert the increase:

"East Liverpool, O., July 16, 1903.—To the Honorable City Council,

"Gentlemen—We the members of the legislative committee of the East Liverpool Trades and Labor council have been authorized to inform your honorable body that it stands ready to give the city council whatever aid and support lies in its power to prevent an increase in the gas rates, and to enforce the ordinance restricting the price, passed by your body recently.

"Respectfully submitted,  
"WILLIAM COPE,  
"CRISS MCCONNELL,  
"Legislative committee."

Contrary to expectation there was no action taken on the ordinance which, if passed, will give the city engineer a salary of \$2,000 per year, which amount is not to include the pay of his assistants. The ordinance was turned over to Councilman Smith and he could not submit it with the provisions as contained in the original ordinance. He will have it ready by the next meeting. To a News Review reporter Mr. Smith said: "I shall certainly not vote for the ordinance as it was originally presented. We want to run the city on an economical basis, and we certainly would not be doing so were we to pass such an ordinance. It is to me the most absurd thing ever attempted by a member of the body. A man offers to do the work and pay his assistants for something like \$1,000, and then for us to say, 'No, we will not give you \$1,000; we will try to arrange it so your compensation will be double the amount,' is about as unreasonable as anything ever heard of."

Mr. Barlow again took the floor and severely criticised Mr. Croxall for making the assertion that it was spite work and said that he did not think council should refrain from taking action when it was the right course to pursue. Mr. Johnston then recommended his motion to the effect that every property holder in the city who is occupying public ground shall be notified to vacate. The motion carried unanimously. If this determination on the part of council is carried out there promises to be no end of litigation. Many of the potteries and other plants of the city are obstructing public highways and must move back if council persists.

Criss McConnell, delegated by the Trades and Labor council, was present at the meeting and upon being requested to make a statement in regard to a communication that had been submitted from his body concerning the action that should be taken to defeat the gas companies in their proposed plan to increase the rate, stated that Trades and Labor council had taken the matter into serious consideration with the result that the following resolution was passed which they hoped would be helpful to the city council

Douglass Claims Self-Defense. Fairmont, W. Va., July 17.—William Douglass is being tried for the killing of Fred and John Johnson within a few miles of Fairmont several months ago. A lengthy list of witnesses are summoned on the case. Douglass does not deny killing the Johnsons, but claims it was done in order to protect himself and family. One of the last witnesses examined was Mayor Blocker of Monongah, who testified that Douglass surrendered to him after he told of the crime he had committed and for what reason it was done. The testimony so far heard in the case seems to be in Douglass' favor.

Trolley Line Chartered. Charleston, W. Va., July 17.—The Ohio Valley Street Railway company, of Chester, W. The capital is \$25,000 and the incorporators are Edward Marshall, John A. Gardner, Chester, Thomas C. Pitcairn, John W. Bailey, Pittsburg; George R. Walmer, New Cumberland.

**GAS RATE INCREASED**

Wellsburg City Council Will Take Immediate Steps to Oppose the Hardship.

A Wellsburg paper says: "At a meeting of the ordinance committee of council last night, for the purpose of reviewing the new ordinance, the subject of the advance in price of gas by the Tri-State company was taken up in the light of the restrictions upon the price in the franchise granted the company by the town. That franchise expressly states that the rates for gas shall be no higher than at Steubenville, Mingo Junction and Toronto, and it appears that those places had succeeded in holding the gas company to the maximum price as stipulated in their franchise, it was decided to take the matter up at the next meeting of council and notify the company that the advanced rate will not be allowed. Wellsburg has been paying 25 cents per thousand for gas while our neighbors have paid but 20 cents and the injustice of the old rate even is apparent, but to further increase the rate and to collect a minimum rate of one dollar is regarded as an outrage."

From the above it would seem that other towns in West Virginia besides Chester have been victimized by the gas corporation. It is likely the town council will heed the appeal of the people for some sort of legislation which will relieve them from the increase in the rate which is proposed.

Mayor Weaver is justly indignant over the scheme promulgated by a few members of council to embarrass his administration by forcing the retirement of Chief of Police Wyman. Unquestionably he is right when he asserts that the people most desirous of seeing Mr. Wyman put out of office are lawbreakers and their sympathizers. His determination not to tamely submit to the dictation of this element is one which does him credit and will be applauded by friends of law and order generally. Council, entrusted with the duty of providing for the general welfare of the city, ought to be as reluctant as the mayor to take a step that will impair the efficiency of the police force and encourage lawlessness. The fact that John Wyman as police chief is feared by evildoers proves that he is the right

man for the place. It is a foolish sort of argument to say that, because a night watchman is needed at city hall, we must discharge a police chief to make room for him. Such sophistry will not prevail with sensible people.

The board of public safety, which shares with the mayor the responsibility of seeing that the city is properly policed, through President Grafton, in his remarks last evening, made it plain to council that the board has no sympathy with the scheme to reduce the police force under the plea of cutting expenses, and showed that it would be false economy to cut down the number of officers, already inadequate to the city's needs. This is the idea that should prevail. And in any event, if cutting is necessary, it should begin at the bottom and not at the top. The whole city should be made to understand the iniquitous scheme proposed. If it were thoroughly aware of the situation, a storm of indignant protest would be raised. Let this be done and council will not dare to go contrary to the popular wish and legislate Wyman out of office.

Council did right in taking a sober second thought and heeding the appeal of the Carnegie library board, as seconded by the News Review, for the small amount which will add a few hundred volumes to the library. The members who voted for the increased appropriation deserve the thanks of the public. Having a handsome and well furnished library, which came as a gift, the city can afford to be liberal in the matter of its maintenance.

The unfortunate occurrence at Dixville reported yesterday again emphasizes the criminal folly of leaving loaded firearms where children can get their hands on them to use as playthings. Children will run into enough dangers without leaving them in their way.

The head of the Smithsonian institute, long interested in aerial navigation, now has his airship ready for a trial, and the world will soon know whether or not his science is superior to that of Daedalus and Darius Green.

Councilman Bullock has suddenly made the discovery that he is not the whole thing in the city legislature. Unfortunately the shock was not great enough to silence him.

Thompson Park, July 16, '03.  
I, the undersigned, hereby affirm that the following statement is correct in every detail, and that all other reports circulated that differ from this assertion and credited to me are false. I hereby assert that on the night of July 13, 1903, hearing cries, and supposing that they emanated from Thompson park, I immediately went into the park to investigate. Upon arriving there I saw a lady and gentleman, but found nothing which was in any way suspicious or compromising. I hereby further affirm that I did not recognize either the lady or gentleman, and am sure I could not do so if called upon.

Will Reed Gives Guarantee Bond With  
Mi-o-na, the Flesh-Forming  
Food.

The proprietors of Mi-o-na, the marvelous flesh-forming food and digestion regulator, have made arrangements with Will Reed to sell this remarkable preparation in a new and hitherto unheard of way; furnishing a guarantee bond with every package.

**: GUARANTEE BOND. :**  
In buying a package of Mi-o-na, the purchaser is requested to have this guarantee signed by Will Reed as his absolute agreement to refund the money, if Mi-o-na does not give an increase in weight, and cure dyspepsia and all stomach troubles.  
Signed . . . . .

Will Reed will give the above bond with every box of Mi-o-na he sells. You run no risk in buying Mi-o-na.

For years there has been a demand for a natural means of increasing the flesh and Mi-o-na has come to supply this need. It is not a cod liver oil preparation, but a combination of flesh-forming elements with remedies that regulate and aid digestion and restore health.

Everyone who is troubled with dyspepsia, headache, distress after eating, dizzy feeling or loss of appetite, or who is losing weight and in a rundown condition, should take the guarantee bond to Will Reed and commence the use of Mi-o-na at his risk, remembering that the treatment costs you nothing unless it does all that is claimed for it.

**THIS COSTS YOU NOTHING**

Will Reed Will Return Your Money If  
Mi-o-na Does Not Cure Dyspepsia  
And Increase Flesh.

There are hundreds of people in East Liverpool who were not the least bit surprised when they read in the News Review that Will Reed is selling Mi-o-na under a guarantee to refund the money in case it did not cure indigestion and increase weight.

This remarkable preparation is a true flesh-forming food, that builds up good, healthy, solid tissues, and makes thinness and scrawniness a thing of the past.

It tones up the digestive organs and will cure the worst case of indigestion, headache, dizziness, or the depressed, weak condition that afflicts nearly every one who suffers with stomach trouble. Mi-o-na does not simply relieve, it does lasting good.

In 98 out of every 100 cases where Mi-o-na is used, the result is a restoration of perfect harmony between height and weight and an absolute and permanent cure of all stomach troubles.

There are today hundreds in East Liverpool who are recommending Mi-o-na because it cured them. A few months ago they were thin and dyspeptic, and could eat nothing without fear of stomach trouble. Since using Mi-o-na they have made noticeable gain in flesh, can eat what they want, and when they want, without fear of suffering.

Remember that you risk nothing in buying Mi-o-na. If it gives you the desired effect the cost is trifling, if it fails Will Reed will pay for the remedy himself.

**LETTER FROM WILL REED**

Will Sign Bond to Refund Money Unless Mi-o-na Restores Health.

To the Editor of the News Review:

Dear Sir:—Having heard that some people question the sincerity of my offer to refund a purchaser's money if Mi-o-na does not cure dyspepsia, increase the flesh and restore health, I am writing you this letter to say over my own signature that this offer is made in good faith and will be lived up to by me both in the spirit and the letter.

I will give the following bond with every 50 cent box of Mi-o-na I sell. There is no risk in buying Mi-o-na.

**: GUARANTEE BOND. :**  
I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach trouble: bles. WILL REED.

So many of my customers have told me of the great good Mi-o-na has done them, that I am more thoroughly convinced than ever that there is but little risk in selling Mi-o-na under this guarantee.

The demand for Mi-o-na is increasing rapidly and it is the most popular of all medicines we sell for the cure of stomach troubles. If it did not have unusual merit I could not afford to guarantee it.

Your readers can see that they run no risk whatever in buying Mi-o-na.

Respectfully yours,  
WILL REED.

**HARD LUCK FOUND  
BY THE LOCAL TEAM**

Defeated by One Score in a Strenuous and Interesting Game.

**THE KNOCKERS WERE OUT**

And Made Themselves Disagreeable Outside the Grounds—The Contest Abounded in Brilliant and Expert Plays—Webb Made the Only Run.

While the "Knocking birds were singing on the hill" the locals were suffered to leave West End park yesterday afternoon with another defeat scored against them. It was administered by the All Cubans after one of the hardest and most exciting games of the season.

The battle, so full of brilliant attempts and bubbling over with expert plays, was witnessed by an unusually large crowd, the hill tops west of the park having the largest representation of the season. That the majority of them are knockers of the first water and possessed of a spirit that is detested by every loyal hearted resident of the city was well demonstrated by their actions during the progress of the contest. Like the bunch that disgraced themselves so badly when the Windsors were at play that they have never had nerve since to enter the park, they sat on the "dead-head" hillside and upon every play whether dexterous or not, made by the visitors, howled themselves weak.

To the honorable fans on the inside of the high boards their demonstration was disgusting and deplorable. To them the word "knocker" does not bear enough significance. Words could hardly express the type of mankind into which they have drifted. A man that will not stand by his home team, his brother, is to be despised by the fair minded and loyal citizen and he should be disregarded and treated as a member of the brute family. The life of the degraded type is not to be of long standing, however, and when their days are over there will be a period of rejoicing never equaled in the annals of local fandom.

The exceptions of a critic would have been few at the game. It was beyond doubt one of the fastest exhibitions ever played on local diamonds and was fully appreciated by every legitimate onlooker. At no time throughout the contest was it safe to predict the result and until the last man on the local team was out in the ninth there was an excellent chance for a decided change in the score. Both escaped with but two errors and their field work at every period was superb. It was hard luck alone that cost the game for the locals. They had the bases full twice and all told left 13 men on bases. A single upon any occasion would have tied the score and twice it would have meant sure victory. But they failed at the opportune times and the defeat was given them accordingly.

Webb scored the only run for the home aggregation. It was in the eighth inning. He stepped to the plate and was given a walk. Rerk lambasted the little sphere for a hit and both advanced a base while Emmerling was battling with the wind. Lawrence landed on the first ball and sent it whirling out into center field. Webb took advantage of the long throw and easily scored. Rerk got to third and died. Their next and last chance occurred when Wallace hit for two bases in the ninth. A single was the cry, but there was nothing doing and the game was over.

The visitors made their runs each time on three hits. In the second they jumped on Winters with all fours and pounded him unmercifully. The first man went out, but the second landed for a bigger. He was caught at the goal upon his attempt to score when Munoz bunted. The next fellow hit for two bases and scored Munoz. The last man got a hit but went out at second. Mory was benched after the streak of misjudgment and well for the locals it was. It seemed that the Cubanites had him sized up just right and had he not been retired they would likely have had the greatest sport of their lives.

Emmerling's coaching puts life into the game, and he should be encouraged to keep it up. The boy wonder is getting

We wish again to call the attention of the public to the fact that workmen will soon be at work tearing down the walls in order to make the changes we contemplate. While our stock has been greatly reduced we want to reduce it to the lowest possible point, as we want an entirely new stock for our store. We are offering our entire stock of Men's, Boys' and Children's Clothing at greater reductions than ever, we are determined to still further reduce our stock regardless of any profit.

All Men's and Boys' Stiff, Soft and Straw Hats have been marked away down. Also all Men's and Boy's Furnishings such as Shirts, Underwear, Ties, Hosiery, and in fact everything in the Furnishing line. Trunks, Traveling Bags and Suit Cases take up lots of room you have the opportunity now to buy one of the above at unprecedented price. In order to place the public right, we wish to say that we manufacture all our clothing ourselves and therefore save you the middleman's profit while for Style, Fit and Workmanship our line of clothing cannot be surpassed. Remember also that we reserve nothing. Everything placed on the market for the shrewd purchasers benefit as long as they last, WE NEED THE ROOM.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers; they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

A Lusty Infant—Mr. and Mrs. John Blazier are receiving congratulations on the arrival of a 14-pound daughter.

Pleasant Outing—The 25 boys of the Intermediate class of the Y. M. C. A. gymnasium will return tomorrow from week's outing in camp at Fernwood, which they have greatly enjoyed.

Special Services—Special services preparatory for communion will be held at St. John's Lutheran church tonight. Sunday morning the handsome new bell of the church will be dedicated, several out-of-town ministers assisting Pastor Reinhartz.

Funeral of a Child—The funeral of the 11-months-old child of Mr. and Mrs. John Cannon took place from St. Aloysius' Catholic church this morning. The remains were brought here yesterday from Tiltonville, where the parents reside. Interment was made in the Catholic cemetery.

W. R. C. Meeting—A special meeting of the Woman's Relief Corps was called this afternoon for the purpose of making arrangements for the society.

to lend its aid toward making the carnival of next week a success. The meeting opened at 2:30 p.m. with a good attendance.

### Police Suspect Murder.

Hammond, Ind., July 17.—The remains of the murdered man dragged out of Wolf lake Wednesday have been identified by Charles Gerhart, of Chicago, as Edward P. Nielsen, also of Chicago. Nielsen was formerly a lieutenant of the Danish army and came to this country four years ago. His profession was that of a sculptor. Nielsen usually carried a large sum of money. The murder theory is accepted by the police.

**Old Age Not a Bar to Laborers.**  
Washington, July 17.—President Roosevelt has issued an order eliminating old age as a disqualification for eligibility to appointment as laborers in the government service. The physical qualifications, however, must be met.

## We Had No Idea So Many Folks Were Waiting For the Erlanger July Clearance Sale.

There is a holiday activity here. The attendance reminds one of December instead of July. Keeping faith with the people—gaining public confidence—fulfilling advertisement promises is what has placed this store in the lead. The most chronic bargain hunter will be more than satisfied with this year's July Clearance Sales Prices.
